SKIN COMFORT CHALLENGE · 7 DAYS

Korean Silk Method 7-Day Challenge

Your complete ritual, one day at a time. A morning ritual, an evening mask and a recipe for every day

7 DAYS · 2 MOMENTS A DAY · 21 RECIPES

KOREAN SILK METHOD · 7 DAYS · MORNING & EVENING · ONE DAY AT A TIME

WELCOME

Seven days. A little time for you.

With 30 recipes in the ebook, figuring out where to start can feel like the hardest part. This Challenge gives you a seven-day guide, with a clear order to follow. Each day includes your plan for morning and evening, what to get ready ahead of time, and today's recipes with ingredients and directions. Check off what you do, jot down how your skin feels, and reflect at the end. Whether you're in your 40s, your 50s, or beyond, let your skin's comfort set the pace. Introduce one new mixture at a time, after testing, and stretch the schedule out as needed. Homemade skincare is optional cosmetic care, and results vary. On busy days, stick with gentle cleansing, your usual moisturizer, and sunscreen. Consistency matters more than perfection.

Seven days of care, at your own pace.

YOUR DAILY RHYTHM

MORNING
5 to 8 min

EVENING
20 to 40 min

My commitment to myself

I, _____ commit to caring for my skin for 7 days.

My start date is _____ Signature _____

BEFORE YOU START

How the Challenge Works

Four simple guidelines. One step at a time.

1 Two moments each day

A short morning routine, the Morning Refresh Ritual, and an optional evening mask. Skip any step your skin doesn't welcome.

2 Get ready the night before

Check tomorrow's ingredients and clean your tools. Make fresh, single-use portions when needed; these homemade mixtures don't have verified storage periods.

3 Patch test first

Before Day 1, test new ingredients and each finished mixture on a small area and monitor for at least 24 hours. This is the ebook's first safety rule. A 24-hour check cannot rule out delayed reactions; allow longer testing before starting.

4 Sunscreen, every day

Finish every morning with broad-spectrum SPF 30+ sunscreen, rain or shine. Reapply according to the label, at least every 2 hours outdoors and after swimming or sweating.

ABOUT THE 7-DAY CHALLENGE

Pace
A full introduction: explore the 3 layers over 7 days, with extra time whenever your skin needs it.

A good choice for
Exploring the ritual, easing back into a routine, or making room for a little everyday care. Avoid trying new mixtures right before a special occasion.

How it is organized
Your daily plan and today's recipes, side by side, featuring 21 of the ebook's 30 recipes.

One path at a time
Follow one schedule at a time so you can notice how your skin responds. Give each new mixture time before adding another. More steps can mean more irritation.

AT A GLANCE

Your 7 days

One small theme for each day. Check them off as you go.

		MORNING	NIGHT
DAY 1	Refresh & Hydrate	☐	☐
DAY 2	Fresh-Faced Glow	☐	☐
DAY 3	Rich Comfort	☐	☐
DAY 4	Rest	☐	☐
DAY 5	Soft Texture	☐	☐
DAY 6	Smooth Feel	☐	☐
DAY 7	Celebrate	☐	☐

DAYS 1 AND 2
Hydrate

DAYS 3 TO 5
Nourish

DAYS 6 AND 7
Rejuvenate

EVERY MORNING

Morning Refresh Ritual

5 to 8 min. The same five steps, every day.

1

Gently cleanse

Use cool to lukewarm water or your usual gentle cleanser. Pat dry.

2

Rice Water Refresh

Make a fresh portion. Lightly pat on with a clean cotton round, avoiding your eyes. Stop if it feels drying.

3

Aloe Comfort Gel

Apply a thin layer and let it absorb for 2 minutes. Follow with your usual moisturizer if needed.

4

Eye-Area Comfort Dab

Pat on a tiny amount along the outer orbital bone, keeping it off eyelids and away from lashes.

5

Broad-spectrum SPF 30+ sunscreen

Apply every morning as directed on the label. Reapply at least every 2 hours outdoors and after swimming or sweating.

DAY 0

Get Ready

Gather your essentials before Day 1. Start testing early enough to allow extra time.

⚠ PATCH TEST · AT LEAST 24 HOURS

Test a small amount of each new ingredient and each finished mixture on separate spots on your inner forearm. Follow the intended contact time and rinse off rinse-off mixtures; don't leave a mask on for 24 hours. Monitor for at least 24 hours, and skip anything that causes itching, burning, redness, or swelling. An initial 24-hour check doesn't rule out delayed reactions. Allow longer testing before facial use, following a dermatologist's guidance. Make a fresh portion for each test. Don't test known allergens. If you have sensitive skin, a skin condition, or are pregnant, ask a dermatologist before starting.

WHAT TO TEST

- [ ] Packaged aloe vera gel with 100% pure aloe as its base, no added fragrance, dyes, or drying alcohol
- [ ] Plain shea butter
- [ ] Flaxseed gel
- [ ] Plain honey
- [ ] Rolled oats, finely ground
- [ ] Distilled water for the Fresh-Face Mist
- [ ] Plain jojoba oil
- [ ] Plain, unsweetened yogurt
- [ ] Rosehip seed oil, if using

DAY 0

Your Starting Point

Rate each item from 1 (low) to 5 (high). You'll revisit these notes on Day 7 to reflect on your experience.

How comfortable my skin feels	1 2 3 4 5
Softness to the touch	1 2 3 4 5
How fresh my skin looks	1 2 3 4 5
How ready I feel for the ritual	1 2 3 4 5

MY STARTING NOTE

Optional personal note: describe how your skin feels today and what you'd like from this time for yourself. Keep the focus on comfort and your experience.

GET READY TODAY

Rice Water Refresh

Set out the ingredients tonight and make a fresh portion tomorrow. Allow 30 min for soaking in the refrigerator. Use immediately after straining and discard the rest.

Rich Comfort Cream

Allow about 35 min, including cooling, when you make it. Get the ingredients ready for Days 1, 4, and 5; make a fresh single-use portion each time. The original 30-day storage claim isn't verified.

Take it one day at a time. Each day tells you what to gather next. Getting ready ahead means setting out ingredients and clean tools, rather than keeping homemade mixtures for later.

DAY 0 · SHOPPING LIST

Challenge Shopping List

Estimated ingredients for the 7 days. You'll make fresh portions as you go.

Grocery store

- [ ] **White or jasmine rice** ★
  3½ cups · Rice Water Refresh, each day
- [ ] **Finely ground rice flour** ★
  3 tbsp · Creamy Rice Mask and Gentle Oat & Rice Polish
- [ ] **Plain rolled oats, finely ground**
  2 tbsp · Oat Cloud Mask and Gentle Oat & Rice Polish
- [ ] **Milk or plain, unsweetened plant milk**
  2 tbsp · Oat Cloud Mask
- [ ] **Plain, unsweetened whole-milk yogurt**
  3 tbsp · Honey & Yogurt Comfort Mask and Creamy Yogurt Mask
- [ ] **Plain honey** ★
  1 tbsp plus 2 tsp · Honey & Yogurt Comfort Mask, Evening Comfort Mask, and Creamy Rice Mask
- [ ] **Plain sunflower oil**
  1 tsp · Honey & Yogurt Comfort Mask
- [ ] **Plain green tea bags or loose-leaf green tea**
  1 tea bag · Light Green Tea Toner
- [ ] **Clean, soft washcloths**
  2 washcloths · Cool Morning Eye Compress
- [ ] **Whole flaxseed**
  4 tbsp · Flaxseed gel on Days 2 and 6

Drugstore & natural stores

- [ ] **Packaged aloe vera gel with 100% pure aloe as its base** ★
  About 2.8 oz · Aloe Comfort Gel, Eye-Area Comfort Dab, Evening Comfort Mask, serum, and yogurt mask
- [ ] **Plain jojoba oil** ★
  About 0.9 fl oz · Rich Comfort Cream, Neck & Chest Comfort Cream, lip balm, evening mask, eye-area dab, and Silky Finish Oil
- [ ] **Plain shea butter** ★
  3 tbsp · Rich Comfort Cream and Neck & Chest Comfort Cream
- [ ] **Plain coconut oil**
  1 tbsp · Soft-Lip Balm
- [ ] **Cosmetic-grade beeswax**
  1 tsp · Soft-Lip Balm
- [ ] **Distilled water**
  3 tbsp · Fresh-Face Mist
- [ ] **Plain rosehip seed oil**
  6 drops · Neck & Chest Comfort Cream and Evening Comfort Oil
- [ ] **Cotton rounds**
  About 8 rounds · Rice Water Refresh and DIY Hydrating Sheet Mask

★ marks the essentials. These are approximate recipe totals for the 7 days, using US cups, tbsp, and tsp. The aloe and jojoba estimates include Aloe Comfort Gel and Eye-Area Comfort Dab, with 1 tsp of aloe per prepared portion, not per eye-area application. Use only a tiny dab near the orbital bone. Fresh-portion preparation and patch testing may require extra ingredients. Package sizes vary. Keep your usual gentle cleanser, moisturizer, and broad-spectrum SPF 30+ sunscreen on hand.

DAY 0 · FINAL CHECK

Your Get-Ready Checklist

- [ ] Initial patch tests completed with at least 24 hours of monitoring; extra testing time allowed
- [ ] Rice Water Refresh ingredients measured for fresh preparation tomorrow
- [ ] Rich Comfort Cream ingredients and a clean container ready
- [ ] Tools washed, dried, and set aside
- [ ] Broad-spectrum SPF 30+ sunscreen within reach
- [ ] A soft washcloth and clean towel ready for tomorrow

TOOLS FOR THE 7 DAYS

- [ ] Small bowls and a shallow dish
- [ ] A spoon or spatula and a fork
- [ ] A fine-mesh strainer
- [ ] A small saucepan for a double boiler and flaxseed gel
- [ ] 3 small, clean glass jars with lids
- [ ] 2 clean, covered containers for cooling in the refrigerator
- [ ] A small, clean spray bottle for a single-use portion; empty, wash, and dry afterward
- [ ] A soft headband
- [ ] Clean scissors and a soft washcloth

RECIPES TO REVIEW TONIGHT

Review these two before Day 1. Gather ingredients now and make fresh portions when needed.

Rice Water Refresh
A light, refreshing first step for a dewy look.

Rich Comfort Cream
A rich finishing layer for softer-feeling skin.

01 Refresh & Hydrate

Ease in with rice water, oats, and a little comfort.

MORNING NIGHT

Morning

5 TO 8 MIN

- [ ] **Gently cleanse**
  Use cool to lukewarm water or your usual gentle cleanser. Pat dry.
- [ ] **Rice Water Refresh**
  Make a fresh portion. Lightly pat on with a clean cotton round, avoiding your eyes. Stop if it feels drying.
- [ ] **Aloe Comfort Gel**
  Apply a thin layer and let it absorb for 2 minutes. Follow with your usual moisturizer if needed.
- [ ] **Eye-Area Comfort Dab**
  Pat on a tiny amount along the outer orbital bone, keeping it off eyelids and away from lashes.
- [ ] **Broad-spectrum SPF 30+ sunscreen**
  Apply every morning as directed on the label. Reapply at least every 2 hours outdoors and after swimming or sweating.

Night

ABOUT 25 MIN

- [ ] **Remove makeup and cleanse**
  Use your usual gentle cleanser.
- [ ] **Rice Water Refresh**
  Make a fresh portion and lightly pat on with a clean cotton round, avoiding your eyes.
- [ ] **Oat Cloud Mask** ★
  Apply an even layer for up to 15 minutes, as tolerated. Rinse with lukewarm water without rubbing.
- [ ] **Rich Comfort Cream**
  Warm a pea-size amount between clean fingertips and gently press onto your face and neck. Make a fresh single-use portion.

Before bed: Set out the ingredients for tomorrow's Light Green Tea Toner. It needs 5 min to steep, then time to cool completely. Make it fresh tomorrow and discard leftovers.

Before bed: Measure the rice for tomorrow's Rice Water Refresh. Soak a fresh portion for 30 min in the refrigerator tomorrow.

TODAY'S GESTURE

Clean Hands

Wash your hands before touching your face or handling a mixture. Use clean tools at every step. This is the ebook's third safety rule.

HOW I FELT TODAY

Note:

01 Today's recipes

Refresh & Hydrate

RECIPE OF THE DAY

Aloe Comfort Gel

TIME	HOW OFTEN	SHELF LIFE
10 to 15 minutes	3 to 4 times a week, as tolerated	Use immediately and discard leftovers

INGREDIENTS

- 2 tbsp 100% pure aloe vera gel with no added fragrance, color, or drying alcohol
- 1 tsp freshly made Rice Water Glow or distilled water

METHOD

1. Use commercially prepared aloe gel rather than gel scooped from a fresh leaf; leaf sap and home preparation can introduce irritants or contamination.
2. Stir the gel in a clean bowl with a clean fork until smooth.
3. Mix in the fresh rice water or distilled water until the gel loosens slightly.

How to use: Spread a thin layer over clean face and neck skin, avoiding your eyes and lips. Leave on for 10 to 15 minutes, rinse with cool water, and follow with moisturizer.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Diluted aloe gel isn't protected by the original product's preservative system. Don't store this mixture or use it on sunburned, broken, or irritated skin.

RECIPE OF THE DAY

Eye-Area Comfort Dab

TIME	HOW OFTEN	SHELF LIFE
1 minute	Morning and evening, subject to the eye moisturizer's label directions	Use dispensed portions immediately and discard excess; follow each original product's expiration instructions

INGREDIENTS

- 1 tsp fragrance-free moisturizer specifically labeled for the eye area, kept in its original container; dispense only the amount directed on its label
- 2 drops pure jojoba oil for the upper cheeks only

METHOD

1. Keep the eye moisturizer and jojoba oil separate. Don't blend them or add oil to the moisturizer's container.
2. With clean hands, dispense only the label-directed amount of eye moisturizer and the oil you'll use. Don't return any dispensed leftovers to their containers.

How to use: Apply the eye moisturizer exactly as its label directs, using a light touch and staying clear of your eyes and lash lines. Separately, press the jojoba oil onto dry upper cheeks below and outside the bony eye socket. Keep the oil away from your eyelids and eyes.

⚠ **Heads up:** Check tolerance on a small skin area at least 24 hours before first use, following product directions. Homemade aloe-and-oil blends aren't formulated for eye use. If burning, redness, or watering occurs, rinse with water and stop. Get medical care for eye pain or vision changes.

RECIPE OF THE DAY

Oat Cloud Mask

TIME	HOW OFTEN	SHELF LIFE
15 minutes	1 to 2 times a week, as tolerated	Use immediately and discard leftovers

INGREDIENTS

- 1 tbsp plain rolled oats, finely ground
- 2 tbsp pasteurized milk or plain, unsweetened oat milk

METHOD

1. Grind the oats into a fine powder, or use plain oat flour. There shouldn't be any scratchy pieces.
2. Stir in the milk gradually until you have a soft cream.
3. Let stand for 3 minutes to thicken.

How to use: Spread an even layer over clean skin, avoiding your eyes and lips. Rinse gently with lukewarm water without scrubbing, then follow with moisturizer.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Skip this recipe if you're allergic to oats. If you're allergic to dairy, use a plain plant milk you tolerate; changing the milk doesn't make oats safe for an oat allergy.

RECIPE OF THE DAY

Green Tea Refresh Toner

TIME	HOW OFTEN	SHELF LIFE
Let dry naturally, about 1 to 2 minutes	1 to 2 times a day, as tolerated	Make fresh, use once cooled, and discard leftovers

INGREDIENTS

- 1 tsp plain loose-leaf green tea or 1 tea bag
- 1/2 cup hot water, about 176°F

METHOD

1. Steep the tea for 5 minutes in water at about 176°F.
2. Strain into a clean container and let it cool completely.
3. If you'd like it cooler, briefly chill it in a covered container in the refrigerator, then use during the same session.

How to use: Gently sweep a fresh cotton round dampened with the cooled tea over clean skin, or pat on with clean hands. Avoid your eyes and follow with moisturizer. In the morning, finish with broad-spectrum SPF 30+ sunscreen.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Keep the tea light; a strong brew may leave skin feeling dry. Skip flavored teas and stop if your skin feels tight or irritated.

♥ Busy day? Gently cleanse, use your usual moisturizer, apply broad-spectrum SPF 30+ sunscreen, and check off the day. Tonight, gentle cleansing and moisturizer are enough. The Oat Cloud Mask is an optional extra if you've already tested it.

⚠ **Good to know:** Oily or acne-prone skin: skip the Rich Comfort Cream. Use your usual lightweight moisturizer; an already-tested thin layer of Aloe Comfort Gel is optional.

02 Fresh-Faced Glow

A DIY sheet mask and a quiet moment.

MORNING NIGHT

Morning

5 TO 8 MIN

- [ ] **Gently cleanse**
  Use cool to lukewarm water or your usual gentle cleanser. Pat dry.
- [ ] **Rice Water Refresh**
  Make a fresh portion. Lightly pat on with a clean cotton round, avoiding your eyes. Stop if it feels drying.
- [ ] **Aloe Comfort Gel**
  Apply a thin layer and let it absorb for 2 minutes. Follow with your usual moisturizer if needed.
- [ ] **Eye-Area Comfort Dab**
  Pat on a tiny amount along the outer orbital bone, keeping it off eyelids and away from lashes.
- [ ] **Broad-spectrum SPF 30+ sunscreen**
  Apply every morning as directed on the label. Reapply at least every 2 hours outdoors and after swimming or sweating.

Night

ABOUT 20 MIN

- [ ] **Remove makeup and cleanse**
  Use your usual gentle cleanser.
- [ ] **DIY Hydrating Sheet Mask** ★
  Place freshly soaked cotton rounds on your cheeks and forehead, away from eyes, nostrils, and mouth. Relax for 10 to 15 minutes, as tolerated. Remove before the rounds dry out.
- [ ] **Silky Flaxseed Serum**
  Make a fresh portion. Gently press on a thin layer with clean palms and let it absorb. Discard leftovers.
- [ ] **Rich Comfort Cream (optional)**
  Optional: finish with a fresh single-use portion if your skin feels dry and already tolerates it.

This afternoon: Allow 8 to 10 min on the stove for flaxseed gel, then let it cool completely. Time preparation close to tonight's serum step; use fresh and discard leftovers.

Before bed: Set out the ingredients for tomorrow's fresh Rice Water Refresh.

TODAY'S GESTURE

A Fresh Pillowcase

Change your pillowcase today. A clean, soft fabric makes the end of your ritual feel a little nicer.

HOW I FELT TODAY

Note:

02 Today's recipes

Fresh-Faced Glow

RECIPE OF THE DAY

Smooth-Feel Flaxseed Mask

TIME	HOW OFTEN	SHELF LIFE
Up to 15 minutes; rinse sooner if it feels tight	**1 to 2 times a week, as tolerated**	**Use once fully cooled and discard leftovers**

INGREDIENTS

- 2 tbsp whole flaxseed
- 1 cup distilled water

METHOD

1. In a clean saucepan, gently simmer the flaxseed and water over low heat, stirring for 8 to 10 minutes until a translucent gel forms.
2. Carefully strain while still warm through a clean fine-mesh strainer. Let it cool enough to handle safely, and don't squeeze hot gel with your hands.
3. Let the strained gel cool completely before applying.

How to use: With clean fingers, apply a thin layer to clean face and neck skin, avoiding your eyes and lips. Rinse gently with lukewarm water before the film feels tight or uncomfortable.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Any smoother-looking effect is temporary and may fade with rinsing. Tightness isn't proof of a benefit. Homemade flaxseed gel has no tested preservation system; don't save it for later.

RECIPE OF THE DAY

DIY Hydrating Sheet Mask

TIME	HOW OFTEN	SHELF LIFE
10 to 15 minutes, or less if the cotton starts to dry	**2 times a week, as tolerated**	**Use immediately; discard the cotton and leftover liquid**

INGREDIENTS

- 1 large cotton round or 2 cotton rounds gently split into thinner layers
- 3 tbsp freshly made Rice Water Glow
- 1 tbsp freshly made, cooled Green Tea Refresh Toner

METHOD

1. With clean hands, gently separate the cotton rounds into soft, thin layers. Use them as small patches rather than stretching them into a full-face sheet.
2. Mix the freshly made rice water and cooled green tea in a clean shallow bowl.
3. Soak the cotton, then gently squeeze out enough liquid to prevent dripping.

How to use: Place the damp cotton on clean cheeks or forehead, keeping your eyes, nose, and mouth clear. Relax, and take it off as soon as it starts to feel dry. Gently rinse your skin and follow with moisturizer.

⚠ **Heads up:** Patch-test the combined liquid at least 24 hours before first use. Don't sleep in the mask, reuse the cotton, or let it dry completely on your skin. Keep all homemade mixtures away from your eyes.

RECIPE OF THE DAY

Silky Flaxseed Serum

TIME	HOW OFTEN	SHELF LIFE
Allow 2 to 3 minutes to settle	**Daily, only if your skin tolerates it**	**Prepare for one session, use immediately, and discard leftovers**

INGREDIENTS

- 1 tbsp freshly made, fully cooled flaxseed gel from the Flaxseed Smooth-Look Mask recipe
- 1 tsp 100% pure aloe vera gel with no added fragrance, color, or drying alcohol

METHOD

1. Stir the freshly prepared flaxseed gel and commercially prepared aloe gel together with a clean spatula until smooth.

How to use: Apply a thin layer to clean skin with clean hands, keeping clear of your eyes and lips. Let it settle before moisturizer. If it pills, feels sticky, or makes your skin feel tight, rinse it off instead.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Don't store this unpreserved blend or rely on its smell to judge safety. Start with occasional use and stop if irritation develops. In the morning, finish with broad-spectrum SPF 30+ sunscreen.

♥ Busy day? Gently cleanse, use your usual moisturizer, apply broad-spectrum SPF 30+ sunscreen, and check off the day. Tonight, gentle cleansing and moisturizer are enough. Add the DIY Hydrating Sheet Mask only if it's already tested and feels comfortable.

⚠ **Good to know:** Sensitive skin: ask a dermatologist before starting. Test the finished Silky Flaxseed Serum well before tonight, even if you've used flaxseed or aloe separately. Allow at least 24 hours of monitoring and extra time for delayed reactions.

03 Rich Comfort

Honey, plain yogurt, and a little sunflower oil.

MORNING NIGHT

Morning

5 TO 8 MIN

- [ ] **Gently cleanse**
  Use cool to lukewarm water or your usual gentle cleanser. Pat dry.
- [ ] **Rice Water Refresh**
  Make a fresh portion. Lightly pat on with a clean cotton round, avoiding your eyes. Stop if it feels drying.
- [ ] **Aloe Comfort Gel**
  Apply a thin layer and let it absorb for 2 minutes. Follow with your usual moisturizer if needed.
- [ ] **Eye-Area Comfort Dab**
  Pat on a tiny amount along the outer orbital bone, keeping it off eyelids and away from lashes.
- [ ] **Broad-spectrum SPF 30+ sunscreen**
  Apply every morning as directed on the label. Reapply at least every 2 hours outdoors and after swimming or sweating.

Night

ABOUT 20 MIN

- [ ] **Remove makeup and cleanse**
  Use your usual gentle cleanser.
- [ ] **Honey & Yogurt Comfort Mask** ★
  Apply an even layer for up to 15 minutes, as tolerated. Rinse with lukewarm water without rubbing. Discard the remaining mixture.
- [ ] **Silky Finish Oil**
  Warm 3 to 4 drops of plain jojoba oil between clean palms and gently press onto slightly damp skin, avoiding your eyes. Use your usual moisturizer first if needed.

Before bed: Set aside clean, soft washcloths for tomorrow's Cool Morning Eye Compress. Tomorrow, moisten with clean water and cool in a covered container in the refrigerator for 15 min. No tea is needed.

Before bed: Set out the ingredients for tomorrow's fresh Rice Water Refresh.

TODAY'S GESTURE

A Colorful Plate

Try adding 3 colors of fruits or vegetables to your plate today. Enjoying a varied meal can be part of making time for yourself.

HOW I FELT TODAY

Note:

03 Today's recipes

Rich Comfort

RECIPE OF THE DAY

Honey & Yogurt Comfort Mask

TIME	HOW OFTEN	SHELF LIFE
15 minutes	1 to 2 times a week, as tolerated	Use immediately and discard leftovers

INGREDIENTS

- 1 tbsp plain honey
- 1 tbsp plain, unsweetened whole-milk yogurt made with pasteurized milk
- 1 tsp plain sunflower oil

METHOD

1. Stir the honey and yogurt together in a clean bowl until smooth.
2. Add the sunflower oil and stir again. The mixture may separate slightly; that's normal.

How to use: Apply to clean face and neck skin, avoiding your eyes and lips. Rinse gently with lukewarm water without rubbing, then follow with moisturizer.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Skip ingredients you're allergic to. If your skin is oily, try no more than 10 minutes initially and stop using it if you notice irritation or breakouts.

RECIPE OF THE DAY

Silky Finish Oil

TIME	HOW OFTEN	SHELF LIFE
1 minute	3 to 5 evenings a week, as tolerated	Keep in the original bottle and follow its storage and expiration instructions

INGREDIENTS

- 3 to 4 drops pure, fragrance-free jojoba oil

METHOD

1. Place the drops in clean, dry palms and gently rub your hands together to spread the oil.

How to use: Gently press over your face and neck after moisturizer, avoiding your eyes. Use a light touch rather than pulling or rubbing your skin.

⚠ **Heads up:** Patch-test at least 24 hours before first use. If your skin is oily, start with just 1 or 2 drops on dry areas. Skip if it causes irritation or breakouts. Jojoba is a carrier oil; don't substitute an essential oil.

RECIPE OF THE DAY

Cool Morning Eye Compress

TIME	HOW OFTEN	SHELF LIFE
Up to 10 minutes	As needed on tired-looking mornings	Use immediately after chilling; discard the rounds and leftover water

INGREDIENTS

- 2 clean, soft, lint-free cotton rounds
- 1/2 cup distilled water

METHOD

1. Pour the water into a clean bowl and dampen the cotton rounds. Gently squeeze out excess water, place the rounds in a clean covered container, and refrigerate for 15 minutes until comfortably cool, not icy.

How to use: Remove contact lenses, lie back with clean, closed eyes, and gently rest a cool, damp cotton round over each closed eyelid. Don't press or let water drip into your eyes. Take them off sooner if they feel uncomfortable.

⚠ **Heads up:** Use plain water only, with no tea, fragrance, essential oils, or homemade gel. Distilled water isn't sterile. Don't use over irritated or infected eyes or after an eye procedure without your clinician's guidance. Persistent swelling, eye pain, or vision changes need medical evaluation.

♥ Busy day? Gently cleanse, use your usual moisturizer, apply broad-spectrum SPF 30+ sunscreen, and check off the day. Tonight, gentle cleansing and moisturizer are enough. Add the Honey & Yogurt Comfort Mask only if you've already tested it.

⚠ **Good to know:** Oily skin: keep the Honey & Yogurt Comfort Mask on for no more than 10 minutes, and use just 1 or 2 drops of oil on dry areas if needed. Skip yogurt entirely if you have a milk allergy.

04 Rest

A little breathing room halfway through.

MORNING NIGHT

Morning

ABOUT 15 MIN

- [ ] **Cool Morning Eye Compress**
  Moisten clean, soft washcloths with clean water and cool in the refrigerator. Rest one lightly over each closed eye for up to 10 minutes, as comfortable. Use cool cloths, never ice, and don't press.
- [ ] **Gently cleanse**
  Use cool to lukewarm water or your usual gentle cleanser. Pat dry.
- [ ] **Rice Water Refresh**
  Make a fresh portion and lightly pat on with a clean cotton round, avoiding your eyes. Add your usual moisturizer if needed.
- [ ] **Broad-spectrum SPF 30+ sunscreen**
  Apply every morning, including rest days. Reapply at least every 2 hours outdoors and after swimming or sweating.

Night

ABOUT 40 MIN

- [ ] **Remove makeup and cleanse**
  Use your usual gentle cleanser.
- [ ] **Evening Comfort Mask** ★
  Apply a thin layer about 30 minutes before bed, keeping it away from your eyes. Use a headband to keep hair clear, rinse with lukewarm water, and discard leftovers. Don't sleep in the mixture; rinse sooner if uncomfortable.
- [ ] **Eye-Area Comfort Dab**
  Pat on a tiny amount along the outer orbital bone, keeping it off eyelids and away from lashes.
- [ ] **Rich Comfort Cream**
  Finish with a fresh single-use portion if your skin tolerates it, or use your usual moisturizer.

This afternoon, about 20 min: Review Neck & Chest Comfort Cream and Soft-Lip Balm, and gather the ingredients for Days 6 and 7. Make fresh single-use portions when needed; their original 30-day storage periods aren't verified.

Before bed: Set out the ingredients for tomorrow's fresh Rice Water Refresh.

TODAY'S GESTURE

A Quieter Bedtime

Put screens away 30 minutes before bed and give yourself a restful wind-down. Aim to leave room for 7 hours of sleep or more.

HOW I FELT TODAY

Note:

04 Today's recipes

Rest

RECIPE OF THE DAY

Evening Comfort Mask

TIME	HOW OFTEN	SHELF LIFE
Up to 30 minutes; rinse sooner if it starts to dry	2 to 3 times a week, as tolerated	Use immediately and discard leftovers

INGREDIENTS

- 1 tbsp 100% pure aloe vera gel with no added fragrance, color, or drying alcohol
- 1 tsp plain honey
- 3 drops pure jojoba oil

METHOD

1. Stir the commercially prepared aloe gel and honey together in a clean bowl.
2. Add the jojoba oil and mix with a clean spatula until evenly dispersed. The oil may separate; stir again before applying.

How to use: Apply a thin layer to clean face and neck skin, avoiding your eyes and lips, about 30 minutes before bed. Rinse with lukewarm water before it dries or feels sticky, then follow with your usual moisturizer or a little Rich Evening Comfort Balm.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Don't sleep with this mixture on your face. Keep your hair back, avoid ingredients you're allergic to, and rinse immediately if you feel discomfort.

RECIPE OF THE DAY

Neck & Chest Comfort Cream

TIME	HOW OFTEN	SHELF LIFE
Allow about 5 minutes to settle; a light coating may remain	Every evening, as tolerated	Shelf life hasn't been tested; make a small batch and keep cool, clean, and completely dry

INGREDIENTS

- 1 tbsp plain, fragrance-free shea butter
- 1 tsp pure jojoba oil
- 3 drops pure rosehip seed oil, optional

METHOD

1. Gently melt the shea butter in a clean, dry heatproof bowl over warm water, keeping water out.
2. Remove from the heat and stir in the oils. Chill in the refrigerator for 15 minutes, then beat with a clean, dry fork until creamy. Let cool completely before applying.

How to use: With clean hands, gently smooth a small amount over your upper chest and neck after moisturizer. Use light strokes without pulling the skin or pressing on the front of your neck.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Use plain rosehip seed carrier oil, not rose essential oil. Scoop with a clean, dry spatula and discard if contaminated or changed. Every morning, apply broad-spectrum SPF 30+ sunscreen to exposed neck and chest skin, whether or not you use rosehip oil.

RECIPE OF THE DAY

Soft-Lip Balm

TIME	HOW OFTEN	SHELF LIFE
Comfort on application	As needed	Shelf life hasn't been tested; make a small batch and keep cool, clean, and completely dry

INGREDIENTS

- 1 tbsp coconut oil
- 1 tsp cosmetic-grade beeswax pellets or grated beeswax
- 1 tsp plain sunflower oil

METHOD

1. Gently melt the coconut oil and beeswax in a clean, dry heatproof bowl over a pan of warm water, keeping water out of the bowl. If microwaving, heat in 15-second intervals and stir carefully between intervals.
2. Remove from the heat, add the sunflower oil, and stir until combined.
3. Pour into a clean, completely dry container and let cool and set for 20 minutes, or until fully cool and firm.

How to use: Smooth a thin layer onto intact lips as needed and before bed. Skip sugar scrubs; if your lips feel rough, gently soften them with a clean, damp cloth without rubbing. During the day, use a separate lip sunscreen with SPF 30+ as directed on its label.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Skip ingredients you're allergic to, including beeswax if you react to it. Use a clean, dry spatula and don't share. Discard if water gets in or the smell, color, or texture changes; contamination may not be visible. This balm provides no sun protection.

Busy day? Gently cleanse, use your usual moisturizer, apply broad-spectrum SPF 30+ sunscreen, and check off the day. Tonight, gentle cleansing and moisturizer are enough. Keep the Evening Comfort Mask optional.

⚠ **Good to know:** Oily skin: skip the Rich Comfort Cream and use your usual lightweight moisturizer. Eye-Area Comfort Dab is optional and doesn't replace facial moisturizer.

05 Soft Texture

A gentle touch and a creamy rice mask.

MORNING NIGHT

Morning

5 TO 8 MIN

- [ ] **Gently cleanse**
  Use cool to lukewarm water or your usual gentle cleanser. Pat dry.
- [ ] **Rice Water Refresh**
  Make a fresh portion. Lightly pat on with a clean cotton round, avoiding your eyes. Stop if it feels drying.
- [ ] **Aloe Comfort Gel**
  Apply a thin layer and let it absorb for 2 minutes. Follow with your usual moisturizer if needed.
- [ ] **Eye-Area Comfort Dab**
  Pat on a tiny amount along the outer orbital bone, keeping it off eyelids and away from lashes.
- [ ] **Broad-spectrum SPF 30+ sunscreen**
  Apply every morning as directed on the label. Reapply at least every 2 hours outdoors and after swimming or sweating.

Night

ABOUT 25 MIN

- [ ] **Remove makeup and cleanse**
  Use your usual gentle cleanser.
- [ ] **Gentle Oat & Rice Polish** ★
  Optional: use only finely ground ingredients in a soft, well-moistened paste. Lightly spread onto damp skin for up to 30 seconds without scrubbing or pressure, then rinse with lukewarm water. Skip if the mixture feels gritty.
- [ ] **Creamy Rice Mask**
  Apply a layer for up to 15 minutes, as tolerated, avoiding the eye area. Rinse with lukewarm water. Skip this step if your skin feels uncomfortable after the polish.
- [ ] **Rich Comfort Cream**
  Warm a pea-size amount from a fresh single-use portion between clean fingertips and gently press on. Use your usual moisturizer instead if preferred.

Before bed: Set out the ingredients for tomorrow's fresh Rice Water Refresh.

TODAY'S GESTURE

Make Sunscreen a Daily Habit

Every morning, apply broad-spectrum SPF 30+ sunscreen as directed. Reapply at least every 2 hours outdoors and after swimming or sweating. Add shade and a hat when you're outside.

HOW I FELT TODAY

Note:

05 Today's recipes

Soft Texture

RECIPE OF THE DAY

Gentle Oat & Rice Polish

TIME	HOW OFTEN	SHELF LIFE
Up to 30 seconds of very light application	No more than 1 time a week, as tolerated	Use immediately and discard leftovers

INGREDIENTS

- 1 tbsp finely milled rice flour
- 1 tbsp plain rolled oats, ground to a fine powder
- Lukewarm water or pasteurized milk, as needed

METHOD

1. Combine the fine rice flour and finely ground oats in a clean bowl. Don't use coarse or scratchy particles.
2. Add lukewarm water or milk gradually until creamy, then let the paste soften fully. If it still feels gritty, skip it.

How to use: On damp skin, spread with clean fingertips using almost no pressure for no more than 30 seconds. Avoid your eyes and lips. You don't need to scrub; rinse gently with lukewarm water and follow with moisturizer.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Skip on sensitive, irritated, broken, or inflamed skin, and avoid combining with retinoids, exfoliating acids, scrubs, or recent cosmetic procedures. Ask your dermatologist if you're unsure. Use broad-spectrum SPF 30+ sunscreen daily.

RECIPE OF THE DAY

Creamy Rice Mask

TIME	HOW OFTEN	SHELF LIFE
15 minutes	1 to 2 times a week, as tolerated	Use immediately and discard leftovers

INGREDIENTS

- 2 tbsp finely milled rice flour
- 2 tbsp freshly made Rice Water Glow or pasteurized milk
- 1 tsp plain honey

METHOD

1. In a clean small bowl, stir the rice flour into the fresh rice water or milk.
2. Add the honey and mix into a thick, spreadable cream.
3. If it's too thick, add a few drops of distilled water.

How to use: Spread over clean skin, avoiding your eyes and lips. Soften with lukewarm water and rinse gently without scrubbing. Follow with moisturizer.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Use fine flour, never gritty ground rice. Rinse before the mask dries or feels tight. Skip honey or dairy if you're allergic to either ingredient.

Busy day? Gently cleanse, use your usual moisturizer, apply broad-spectrum SPF 30+ sunscreen, and check off the day. Tonight, gentle cleansing and moisturizer are enough. If you want an already-tested extra, choose the Creamy Rice Mask and skip the polish.

⚠ **Good to know:** Sensitive skin, inflamed acne, cuts, or irritation: skip the polish. Ask your dermatologist before trying masks if you have a skin condition. Oily skin: skip the Rich Comfort Cream. Avoid the polish when using retinoids, exfoliating acids, or other products that leave skin more sensitive.

06 Smooth Feel

Flaxseed gel, a light massage, and care for your neck.

MORNING NIGHT

Morning

5 TO 8 MIN

- [ ] **Gently cleanse**
  Use cool to lukewarm water or your usual gentle cleanser. Pat dry.
- [ ] **Rice Water Refresh**
  Make a fresh portion. Lightly pat on with a clean cotton round, avoiding your eyes. Stop if it feels drying.
- [ ] **Aloe Comfort Gel**
  Apply a thin layer and let it absorb for 2 minutes. Follow with your usual moisturizer if needed.
- [ ] **Eye-Area Comfort Dab**
  Pat on a tiny amount along the outer orbital bone, keeping it off eyelids and away from lashes.
- [ ] **Broad-spectrum SPF 30+ sunscreen**
  Apply every morning as directed on the label. Reapply at least every 2 hours outdoors and after swimming or sweating.

Night

ABOUT 25 MIN

- [ ] **Remove makeup and cleanse**
  Use your usual gentle cleanser.
- [ ] **Smooth-Feel Flaxseed Mask**
  Apply a thin layer with clean fingers, keeping it away from your eyes. Leave on for up to 15 minutes, as tolerated. Rinse with lukewarm water before it dries; rinse immediately if it feels tight or uncomfortable.
- [ ] **5-Minute Gentle Face Massage** ★
  Use 3 to 4 drops of Silky Finish Oil for slip and follow the recipe's 5 movements with a very light touch. Keep pressure off the front of your neck, and stop if skin drags or feels uncomfortable.
- [ ] **Neck & Chest Comfort Cream**
  Gently smooth on a fresh single-use portion with light upward strokes. Avoid pressure and tugging.

Late afternoon: Make fresh flaxseed gel close to tonight's Smooth-Feel Flaxseed Mask step and let it cool completely. Use immediately and discard leftovers. The recipe is on Day 2.

Before bed: Set out the distilled water and a clean container for tomorrow's Fresh-Face Mist, which takes 2 min to prepare. Gather the ingredients for fresh Rice Water Refresh too.

TODAY'S GESTURE

Relax Your Shoulders

During your massage, let your shoulders and jaw soften, with your chin parallel to the floor. Finish with a slow, comfortable breath.

HOW I FELT TODAY

Note:

06 Today's recipes

Smooth Feel

RECIPE OF THE DAY

5-Minute Evening Face Massage

TIME	HOW OFTEN	SHELF LIFE
5 minutes	**3 to 5 times a week, as tolerated**	

INGREDIENTS

- 3 to 4 drops Silky Finish Face Oil or a little fragrance-free moisturizer
- Clean, comfortably warm hands

METHOD

1. Forehead: with your fingertips, glide lightly from the center toward your temples, 5 times.
2. Eye area: with clean ring fingers, tap very lightly along the outer bony rim, 10 times, keeping oil away from your eyes and eyelids. Skip this step if the area feels sensitive.
3. Cheeks: glide from the center of your face outward toward your ears with a slight upward motion, 5 times.
4. Jawline: with relaxed fingertips, glide lightly from your chin toward each ear, 5 times. Don't dig in with your knuckles.
5. Neck: use featherlight strokes along the sides of your neck from your upper chest toward your jaw, 5 times, avoiding pressure on the front of your neck.

How to use: Finish by resting your palms lightly on your cheeks for 10 seconds while you breathe slowly. Use enough slip that your fingers glide easily; stop if your skin drags or feels uncomfortable.

⚠ **Heads up:** Patch-test any oil or moisturizer at least 24 hours before first use. Keep pressure light and avoid pulling your skin. Skip massage over irritated skin, inflamed breakouts, or recent cosmetic procedures. If you have sensitive skin or a skin condition, ask your dermatologist first.

RECIPE OF THE DAY

Fresh-Face Mist

TIME	HOW OFTEN	SHELF LIFE
A quick refresh	**As needed, if your skin stays comfortable**	**Use immediately and discard leftovers; don't store the diluted gel**

INGREDIENTS

- 3 tbsp distilled water
- 1 tbsp 100% pure aloe vera gel with no added fragrance, color, or drying alcohol
- 1 small, clean, dry spray bottle

METHOD

1. Wash the bottle and pump according to the manufacturer's cleaning instructions, rinse thoroughly, and let them dry completely.
2. Add the distilled water and aloe gel to the bottle. Diluting a commercial gel changes its preservation, so make this only when you're ready to use it.
3. Shake gently, use during this session, and discard the rest. Wash and dry the bottle afterward.

How to use: Spray a little into clean palms, away from your face, and gently press onto clean skin before moisturizer. Avoid your eyes and lips, and don't inhale the mist. Apply before sunscreen rather than wetting an existing sunscreen layer.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Choose commercially prepared aloe gel, and skip it if you're allergic to aloe. Stop if your skin stings, itches, or looks irritated. Follow with moisturizer if your skin feels tight.

♥ Busy day? Gently cleanse, use your usual moisturizer, apply broad-spectrum SPF 30+ sunscreen, and check off the day. Tonight, gentle cleansing and moisturizer are enough. If it feels good, add the 5-Minute Gentle Face Massage with an oil you've already tested.

⚠ **Good to know:** Keep this order: apply fresh flaxseed gel to clean skin, rinse it off, then massage with oil. Avoid massage over irritation, inflamed acne, or broken skin.

07 Celebrate

A fresh feel, soft lips, and time to reflect.

MORNING NIGHT

Morning

ABOUT 3 MIN

- [ ] **Gently cleanse**
  Use cool to lukewarm water or your usual gentle cleanser. Pat dry.
- [ ] **Fresh-Face Mist**
  Use a fresh single-use portion of distilled water. Lightly dampen clean skin from about 8 inches away, avoiding your eyes and inhalation, or pat on with clean hands. Follow with your usual moisturizer.
- [ ] **Broad-spectrum SPF 30+ sunscreen**
  Apply every morning as directed on the label. Reapply at least every 2 hours outdoors and after swimming or sweating.

Night

ABOUT 20 MIN

- [ ] **Remove makeup and cleanse**
  Use your usual gentle cleanser.
- [ ] **Creamy Yogurt Mask** ★
  Apply a layer for up to 15 minutes, as tolerated. Rinse with lukewarm water without rubbing, then use your usual moisturizer if needed. Discard leftovers.
- [ ] **Evening Comfort Oil (optional)**
  Optional: gently press onto slightly damp skin, focusing on dry areas. Use only if you've already tested the oil. Skip this step if you don't have rosehip seed oil.
- [ ] **Soft-Lip Balm**
  Smooth a comfortable layer onto clean, dry lips before bed. Use a fresh single-use portion or your usual fragrance-free lip balm.

Today: No advance mixing needed. Make fresh portions of any optional Rice Water Refresh or Soft-Lip Balm you choose to use, then fill in your reflection.

TODAY'S GESTURE

Notice One Good Thing

Write down one thing you enjoyed during these 7 days. A small moment counts.

HOW I FELT TODAY

Note:

07 Today's recipes

Celebrate

RECIPE OF THE DAY

Creamy Yogurt Mask

TIME	HOW OFTEN	SHELF LIFE
15 minutes	**1 to 2 times a week, as tolerated**	**Use immediately after chilling and discard leftovers**

INGREDIENTS

- 2 tbsp plain, unsweetened whole-milk yogurt made with pasteurized milk
- 1 tsp 100% pure aloe vera gel with no added fragrance, color, or drying alcohol
- 1 tsp freshly made Rice Water Glow

METHOD

1. Place all ingredients in a clean small bowl.
2. Stir until smooth and creamy.
3. Chill in the refrigerator for 5 minutes.

How to use: Apply to clean face and neck skin, avoiding your eyes and lips. Rinse gently with lukewarm water without rubbing, then follow with moisturizer.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Skip if you're allergic to dairy or aloe. Rinse sooner if needed; tingling, burning, and redness aren't signs that a mask is working.

RECIPE OF THE DAY

Evening Comfort Oil

TIME	HOW OFTEN	SHELF LIFE
1 minute	**2 to 3 evenings a week, as tolerated**	**Mix only for immediate use; keep each original oil within its labeled storage and expiration limits**

INGREDIENTS

- 3 drops pure, fragrance-free rosehip seed oil
- 3 drops pure, fragrance-free jojoba oil

METHOD

1. Combine the drops in a clean, dry palm just before applying.

How to use: Gently press a small amount over moisturizer, focusing on dry-feeling areas and keeping clear of your eyes and lips. You don't need to use every drop.

⚠ **Heads up:** Patch-test the blend at least 24 hours before first use. These are carrier oils; don't substitute essential oils. Stop if irritation or breakouts occur. Use broad-spectrum SPF 30+ sunscreen every morning as part of your regular routine.

Busy day? Gently cleanse, use your usual moisturizer, apply broad-spectrum SPF 30+ sunscreen, and check off the day. Tonight, gentle cleansing and moisturizer are enough. Add the Creamy Yogurt Mask only if it's already tested and comfortable.

⚠ **Good to know:** Oily skin: leave the Creamy Yogurt Mask on for no more than 10 minutes. Skip it entirely if you have a milk allergy or it causes stinging.

REAL LIFE

When Life Gets Busy

Your routine can fit real life.

A Busy Day

Keep it simple: gently cleanse, use your usual moisturizer, and apply broad-spectrum SPF 30+ sunscreen every morning. Rice Water Refresh is optional and should be made fresh. Check off the day. Consistency matters more than perfection.

I Missed a Day

Give yourself some room. Pick up where you left off when you're ready. Allow enough time to test any new mixture, and avoid doubling up on masks.

My Skin Feels Tight, Burns, or Looks Red

Rinse gently with cool to lukewarm water and stop using the mixture. Pause the Challenge and avoid applying homemade products to irritated skin. Contact a dermatologist if symptoms persist or you're unsure. Get urgent medical help for trouble breathing or swelling of the lips or tongue.

MAKE ROOM FOR YOUR SKIN'S NEEDS

OILY SKIN

Skip the Rich Comfort Cream and use your usual lightweight moisturizer. Keep the Honey & Yogurt Comfort Mask and Creamy Yogurt Mask on for no more than 10 minutes, as tolerated. If you use oil, try just 1 or 2 drops on dry areas.

DRY SKIN

The richer Layer 2 options, Honey & Yogurt Comfort Mask, Evening Comfort Mask, and Rich Comfort Cream, may feel comforting if already tolerated. Keep your usual moisturizer in the routine. If Rice Water Refresh leaves skin feeling tight, stop using it.

SENSITIVE SKIN

Talk with a dermatologist before starting, and skip the Gentle Oat & Rice Polish. Test every new ingredient and finished mixture, monitor for at least 24 hours, and allow longer testing for delayed reactions. Get individualized guidance if you have inflammatory acne, rosacea, dermatitis, another skin condition, or are pregnant.

Can I keep using my usual products? Keep your gentle cleanser, moisturizer, and broad-spectrum SPF 30+ sunscreen. Introduce only one new mixture at a time. Avoid stacking homemade masks or the polish with retinoids, exfoliating acids, or other potentially irritating products. Ask your dermatologist how to fit optional DIY steps around prescription skincare.

REAL LIFE

Missing an Ingredient? Simple Swaps

INSTEAD OF	YOU CAN USE	IN
Plain white rice	Plain jasmine rice	Rice Water Refresh
Milk	Plain, unsweetened plant milk with ingredients you tolerate; skip the recipe if you're allergic to oats	Oat Cloud Mask
Sweet almond oil	Plain jojoba oil, used throughout this version	Silky Finish Oil
Chamomile or green tea bags over the eyes	Clean, soft washcloths moistened with clean, cool water	Cool Morning Eye Compress
Beeswax	Your usual fragrance-free lip balm if you avoid beeswax; plant waxes aren't interchangeable in the same amount	Soft-Lip Balm
Rosehip seed oil	Leave it out of the cream and skip the optional oil step	Neck & Chest Comfort Cream and Evening Comfort Oil
Rice Water Refresh, 1 tsp	Freshly poured distilled water; make a single-use portion and discard leftovers	Aloe Comfort Gel and Creamy Yogurt Mask

DAY 7 AND BEYOND

- [ ] Repeat only the steps my skin tolerated and I enjoyed

WHAT COMES NEXT

After the 7 Days

Build on what felt comfortable.

1 Choose Your Focus

Pick what matters to you: a fresher look, comfortable textures in your 40s, or richer moisture in your 50s and beyond. Let your skin's needs guide you. Ebook p. 41.

2 6 Everyday Essentials

Keep the simple steps you enjoyed and tolerated. Everyday cleansing, moisturizer, and sunscreen can stay at the center. Ebook p. 5.

HOW LONG EACH PREPARATION LASTS

PREPARATION	SHELF LIFE
Rice Water Refresh	Make fresh, use immediately, and discard leftovers; no verified storage period
Light Green Tea Toner	Brew fresh, cool completely, use immediately, and discard leftovers
Fresh-Face Mist	Pour a single-use portion of distilled water; discard the rest and wash and dry the container
Flaxseed Gel and Silky Flaxseed Serum	Make fresh, cool completely, use immediately, and discard leftovers
Rich Comfort Cream, Neck & Chest Comfort Cream, and Soft-Lip Balm	Fresh single-use portions; the original 30-day storage periods aren't verified
Masks and Eye-Area Comfort Dab	Make a fresh single-use portion and discard leftovers immediately

Seven Days of Care. Keep What Fits.

Take the next step at your own pace. Keep your everyday essentials, give your skin breaks, and repeat only the optional recipes you've tested and enjoyed.

KEEP GOING

21-Day Calendar

A gentler way to continue, exploring the 3 layers with more breathing room.

1 Take a Rest Day

After Day 7, keep to gentle cleansing, your usual moisturizer, and broad-spectrum SPF 30+ sunscreen. Skip extra mixtures if your skin feels dry or sensitive.

2 Start with Day 1

Begin with Week 1. Its lighter pace gives you room to settle into the habit and finish testing any new ingredients.

3 Use Ingredients You Already Have

The original 30-day storage claims for Rich Comfort Cream, Soft-Lip Balm, and Neck & Chest Comfort Cream aren't verified. When the Calendar calls for them on Days 8, 7, and 15, make fresh single-use portions from properly stored ingredients. Smell and appearance cannot confirm safety.

4 Buy Only What's Missing

If you have the Ritual Shopping Lists, check your remaining ingredients and their labels before shopping. Allow for fresh portions and patch tests.

★ **Already following the Calendar? Continue through Day 21 at a pace your skin tolerates. You can revisit the Challenge afterward if you'd like, keeping new mixtures optional and allowing rest days.**

SAFETY

Good to know

Part 1 of 2. Read before you start and come back any time.

1. Patch test each new ingredient and each finished mixture on separate small areas of your inner forearm before facial use. Follow the intended contact time, rinse off rinse-off mixtures, and monitor for at least 24 hours. Allow longer testing for delayed reactions; a 24-hour check doesn't establish safety. Skip anything that causes itching, burning, redness, or swelling, and never test a known allergen.

2. If you have sensitive skin, inflammatory acne, rosacea, dermatitis, another skin condition, or are pregnant, speak with a dermatologist before starting. Don't apply homemade mixtures to cuts, broken skin, or irritated areas.

3. Use broad-spectrum SPF 30+ sunscreen every morning, rain or shine, following the label. Reapply at least every 2 hours outdoors and after swimming or sweating. Choose water-resistant sunscreen for outdoor activity, and use shade and protective clothing too. Homemade recipes provide no reliable sun protection.

4. Rice Water Refresh: soak a fresh portion in the refrigerator, use immediately after straining, and discard leftovers. Don't ferment it. Stop if it leaves skin feeling tight. Refrigeration and a normal smell don't establish that a homemade mixture is safe.

5. Rich Comfort Cream: this rich texture may not suit oily or acne-prone skin. Use a clean spatula and make a fresh single-use portion. Its original 30-day storage claim isn't verified.

6. Aloe Comfort Gel: use packaged aloe vera gel with 100% pure aloe as its base, no added fragrance, dyes, or drying alcohol, and follow its label. Avoid raw aloe leaves and yellow leaf sap. Once mixed with other ingredients, make only a fresh single-use portion.

7. Eye-Area Comfort Dab: use only a tiny amount along the outer orbital bone. Keep homemade mixtures off eyelids and away from lashes and eyes. Your usual fragrance-free eye product is an alternative. If stinging, redness, or tearing occurs, rinse with clean water and stop using it.

8. Oat Cloud Mask: skip it if you're allergic to oats. If you're allergic to milk, use only a plain plant milk whose ingredients you tolerate. Don't substitute another known allergen. Grind oats finely, rinse without rubbing, and discard leftovers.

9. Light Green Tea Toner: use plain, unflavored tea and keep the brew light. Let it cool completely before use. Make a fresh single-use portion and discard leftovers; a strong brew may feel drying.

10. Flaxseed gel, the base for the Smooth-Feel Flaxseed Mask: use freshly made, fully cooled gel. Rinse before it dries completely and immediately if it feels tight, itchy, or uncomfortable. Any smoother appearance is temporary.

11. DIY Hydrating Sheet Mask: use fresh liquid and clean cotton rounds, keeping them away from eyes, nostrils, and mouth. Don't sleep in the mask or let it dry on your skin. Discard the rounds and leftover liquid after use.

12. Silky Flaxseed Serum: prepare only a fresh single-use portion and discard leftovers. Don't rely on smell, texture, or refrigeration to determine whether it is safe.

13. Honey & Yogurt Comfort Mask: use plain, unsweetened yogurt and a little plain sunflower oil in place of olive oil. Skip the recipe if you're allergic to any ingredient. For oily skin, leave on for no more than 10 minutes, as tolerated. Rinse sooner if uncomfortable.

14. Silky Finish Oil: this version uses plain jojoba oil in place of sweet almond oil. Patch test first. For oily skin, use just 1 or 2 drops on dry areas if needed. Keep it away from eyes and stop if it causes irritation or breakouts.

SAFETY

Good to know

Part 2 of 2. Read before you start and come back any time.

15. Cool Morning Eye Compress: use clean, soft washcloths moistened with clean, cool water instead of tea bags. Rest lightly over closed eyes without pressure. Avoid ice and frozen cloths. Stop if uncomfortable, and wash the cloths after each use.

16. Evening Comfort Mask: rinse it off before bed. Don't sleep with the mixture on your face. Keep it away from your eyes, use a headband to keep hair clear, and discard leftovers.

17. Neck & Chest Comfort Cream: make a fresh single-use portion and patch test any optional rosehip seed oil. Use light strokes without tugging or pressing on the front of your neck. Apply broad-spectrum SPF 30+ to exposed neck and chest every day.

18. Soft-Lip Balm: use cosmetic-grade ingredients and a clean, dry spatula. Keep water out, let any melted mixture cool fully before application, and use a fresh single-use portion. The original 30-day storage claim isn't verified. Your usual fragrance-free lip balm is an alternative.

19. Gentle Oat & Rice Polish: skip it with sensitive skin, inflamed acne, cuts, irritation, or products that increase skin sensitivity. Use only finely ground ingredients in a soft, well-moistened paste. Avoid scrubbing, pressure, and gritty mixtures.

20. Creamy Rice Mask: avoid the eye area, and rinse immediately if skin feels tight, itchy, or uncomfortable. Make a fresh single-use portion and discard leftovers.

21. 5-Minute Gentle Face Massage: use a very light touch and enough oil for slip. Avoid tugging, irritated areas, and pressure on the front of your neck. Stop if uncomfortable. Massage doesn't provide a lasting lift or change skin structure.

22. Fresh-Face Mist: this version replaces rose water with freshly poured distilled water to avoid added fragrance and botanical exposure. Make a single-use portion, avoid your eyes and inhalation, and follow with moisturizer. Discard leftovers and wash and dry the container.

23. Creamy Yogurt Mask: skip it if you have a milk allergy. For oily skin, leave on for no more than 10 minutes, as tolerated. Rinse immediately if it stings. Use a fresh single-use portion and discard leftovers.

24. Evening Comfort Oil: patch test rosehip seed oil before use and skip it if your skin reacts. Keep it away from eyes. Apply broad-spectrum SPF 30+ every morning, whether or not you use this oil.

25. If skin feels tight, burns, itches, or looks red, rinse gently with cool to lukewarm water and stop using the mixture. Pause the Challenge and contact a dermatologist if symptoms persist or you're unsure. Get urgent medical help for trouble breathing or swelling of the lips or tongue.

26. Introduce one new mixture at a time and allow adequate testing before adding another. Avoid combining homemade masks or the polish with retinoids, exfoliating acids, or other potentially irritating products. Ask your dermatologist about use alongside prescription skincare.

27. Descriptions refer only to skin's appearance and feel, such as temporary softness, a fresh look, or comfort. Results vary, and some people may notice no benefit. No lasting wrinkle reduction, lifting, or age-related change is promised.

28. This is informational cosmetic self-care, not medical advice or a substitute for a dermatologist's guidance. The recipes are loosely inspired by Korean-style skincare routines and don't represent specific authentic traditions. Quantities are estimates based on the ebook. The referenced recipes aren't reproduced here; apply this version's substitutions, testing precautions, and fresh-portion guidance wherever they differ from the ebook. Homemade mixtures haven't been tested for stability or microbial safety. Refrigeration, clean tools, and normal smell or appearance don't establish safety, and preservatives in packaged aloe don't reliably preserve a diluted mixture. Make fresh single-use portions and discard leftovers.

ONE DAY AT A TIME

Korean Silk Method

7-Day Challenge
