30 HOMEMADE RECIPES · 3 LAYERS

Korean Silk Method

The 3-Layer Ritual: Hydrate, Nourish and Rejuvenate, one small step at a time

30 RECIPES · 6 ESSENTIAL RITUALS · MORNING & EVENING

KOREAN SILK METHOD · HYDRATE · NOURISH · REJUVENATE

WELCOME

Your ritual starts here

Skincare can be simple and still feel like a little time just for you.

Korean Silk Method brings together 30 homemade recipes and rituals inspired by Korean skincare, with a simple approach: hydrate first, add comfort, then focus on a fresh glow and the look of smoother skin. In your 40s, 50s, and beyond, let your skin's comfort guide you.

You don't need to memorize 30 recipes. Start with the 6 Essential Rituals, introducing one at a time, and explore the others when you'd like a little variety.

You'll find familiar grocery store and drugstore ingredients, with short, easy steps. Start with a patch test before trying anything new. Then take a breath, grab a clean bowl, and make a little room for yourself.

The 6 Essential Rituals

Rice Water Glow · Rice & Honey Satin Mask · Rich Evening Comfort Balm · Evening Wind-Down Mask · Fresh Glow Aloe Gel · Fresh-Look Eye & Cheek Care

LAYER 3

Rejuvenate

Recipes 21 to 30

WHERE THE INSPIRATION COMES FROM

These recipes take inspiration from Korean skincare's emphasis on hydration, gentle care, and consistency. They are accessible homemade interpretations, not a claim that each recipe represents an authentic Korean tradition.

BEFORE YOU START

The golden rules

Six habits that keep every recipe gentle and safe.

1 Patch test first

Apply a small amount to your inner forearm or behind your ear. Follow the recipe's contact time, rinse if directed, and wait 24 hours before broader use. If itching, burning, redness, or swelling occurs, rinse and stop. A patch test cannot guarantee that a reaction won't happen later.

2 Sunscreen, every day

Apply broad-spectrum SPF 30+ sunscreen every morning, rain or shine. Follow the label and reapply as directed, especially outdoors or after swimming or sweating. Homemade skincare never replaces sunscreen.

3 Keep everything clean

Wash your hands and use thoroughly cleaned, dry bowls, spoons, and containers. Glass or ceramic bowls work well. Clean spray bottles according to their care instructions and let them dry completely; don't assume they can withstand boiling water. Clean equipment does not make a mixture sterile.

4 Make it fresh

Make only enough for one use and discard leftovers. Mixtures containing water, tea, fruit, yogurt, or aloe have no tested preservation system. Oil-and-butter mixtures also have no guaranteed shelf life. A refrigerator does not make a homemade mixture reliably safe to store.

5 Give sensitive skin extra care

Keep homemade mixtures off broken, irritated, or sunburned skin and away from your eyes. If you have sensitive skin, a skin condition such as inflammatory acne, rosacea, or eczema, or are pregnant, check with a dermatologist before starting.

6 Keep expectations gentle

These rituals are about how skin looks and feels: softness, a fresh glow, and comfort. Any effects may be temporary, and results vary. They are cosmetic care, not medical advice.

HOW TO USE THIS BOOK

The 3-layer method

A simple order for choosing your care.

1 Hydrate

Softness, a fresh glow, and a rested look

Start light. These skin splashes, toners, gels, and lightweight masks may leave skin feeling refreshed and softer, with a more rested appearance.

SKIN SPLASHES · TONERS · GELS · LIGHTWEIGHT MASKS

2 Nourish

Comfort and smoother-looking texture

Next, add comfort where you need it. Creamy masks, creams, and oils can leave dry-feeling skin softer and give its surface a smoother look.

RICH MASKS · CREAMS · OILS · GENTLE EXFOLIATION

3 Rejuvenate

A fresh look at every age

Finish with a little extra attention to a fresh-looking face, comfortable skin, and often-overlooked areas such as your neck and upper chest. Keep homemade mixtures away from your eyes.

SMOOTHER-LOOKING SKIN · EYE-AREA CARE · NECK AND CHEST · MASSAGE

YOUR ORDER, EVERY TIME

CLEANSE → HYDRATE → NOURISH → REJUVENATE → SUNSCREEN

BEFORE YOU START

Your basic kit

Simple tools you probably already have.

WHAT YOU WILL USE

- [ ] Small glass or ceramic bowls
- [ ] Small glass containers with lids for preparing single-use portions
- [ ] Cotton rounds
- [ ] Headband
- [ ] Silicone spoon or spatula
- [ ] Easy-to-clean spray bottle, if needed
- [ ] Soft washcloth and clean towel

NO. 09	**Silky Lip Balm** A soft, comfortable finish for dry-feeling lips.	
NO. 10	**Creamy Yogurt Comfort Mask** A cool, creamy mask for skin that feels tight.	

01 Rice Water Glow

A light, refreshing first step for a dewy look.

★ ESSENTIAL RITUAL

Inspired by Korean beauty routines, this simple rice water rinse can leave skin feeling fresh and soft. It's a light way to begin your Korean Silk Method routine when your skin wants something easy. Choose the recipes that suit you; you don't need every layer or every recipe.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
1 to 2 minutes, then rinse	**1 to 2 times a day, as tolerated**	**Morning and evening**	**Make fresh, use immediately, and discard leftovers**

INGREDIENTS

- 1/2 cup uncooked white or jasmine rice
- 1 cup distilled water

METHOD

1. Wash your hands and clean your bowl and strainer. Rinse the rice under running water and discard that first rinse.
2. Cover with 1 cup distilled water and soak for 30 minutes, stirring occasionally.
3. Strain the cloudy water into a clean container and use immediately. Cook the rice separately if you'd like to use it for a meal.

How to use: On clean skin, gently sweep a fresh cotton round dampened with rice water over your face and neck, avoiding your eyes and lips. Rinse after 1 to 2 minutes, pat dry, and follow with moisturizer. Finish your morning routine with broad-spectrum SPF 30+ sunscreen.

⚠ **Heads up:** Before trying any recipe, apply a little to a small spot on your inner arm for its intended wear time, rinse if directed, and watch for a reaction for at least 24 hours. Make a fresh batch for facial use. This check cannot rule out delayed reactions. Stop if irritation occurs. If you have sensitive skin, a skin condition, or are pregnant, ask a dermatologist before starting. Use broad-spectrum SPF 30+ sunscreen every day. These recipes are cosmetic care, not medical advice; results vary. Homemade mixtures aren't sterile, and refrigeration doesn't make them safe to store.

MY NOTES ON THIS RECIPE

02 Aloe Dew Mist

A light refresh for skin that feels dry during the day.

★ STAR RECIPE

A little aloe in a water-light mist can feel refreshing when indoor air leaves your skin feeling dry. Keep it simple: a light spritz, a quiet breath, and a moment for yourself.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
A quick refresh	**As needed, if your skin stays comfortable**	**Anytime, before sunscreen**	**Use immediately and discard leftovers; don't store the diluted gel**

INGREDIENTS

- 3 tbsp distilled water
- 1 tbsp 100% pure aloe vera gel with no added fragrance, color, or drying alcohol
- 1 small, clean, dry spray bottle

METHOD

1. Wash the bottle and pump according to the manufacturer's cleaning instructions, rinse thoroughly, and let them dry completely.
2. Add the distilled water and aloe gel to the bottle. Diluting a commercial gel changes its preservation, so make this only when you're ready to use it.
3. Shake gently, use during this session, and discard the rest. Wash and dry the bottle afterward.

How to use: Spray a little into clean palms, away from your face, and gently press onto clean skin before moisturizer. Avoid your eyes and lips, and don't inhale the mist. Apply before sunscreen rather than wetting an existing sunscreen layer.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Choose commercially prepared aloe gel, and skip it if you're allergic to aloe. Stop if your skin stings, itches, or looks irritated. Follow with moisturizer if your skin feels tight.

MY NOTES ON THIS RECIPE

03 Fresh Glow Aloe Gel

A cool, lightweight layer for a softer feel.

★ ESSENTIAL RITUAL

Aloe gel feels light and refreshing, especially after a long day in dry indoor air. A little rice water gives it a looser, serum-like texture for days when a rich mask feels like too much.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
10 to 15 minutes	**3 to 4 times a week, as tolerated**	**Morning or evening**	**Use immediately and discard leftovers**

INGREDIENTS

- 2 tbsp 100% pure aloe vera gel with no added fragrance, color, or drying alcohol
- 1 tsp freshly made Rice Water Glow or distilled water

METHOD

1. Use commercially prepared aloe gel rather than gel scooped from a fresh leaf; leaf sap and home preparation can introduce irritants or contamination.
2. Stir the gel in a clean bowl with a clean fork until smooth.
3. Mix in the fresh rice water or distilled water until the gel loosens slightly.

How to use: Spread a thin layer over clean face and neck skin, avoiding your eyes and lips. Leave on for 10 to 15 minutes, rinse with cool water, and follow with moisturizer.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Diluted aloe gel isn't protected by the original product's preservative system. Don't store this mixture or use it on sunburned, broken, or irritated skin.

MY NOTES ON THIS RECIPE

04 Green Tea Refresh Toner

A cool, simple pause for your skin.

★ STAR RECIPE

Lightly brewed green tea makes a refreshing toner with a clean, barely-there feel. It's an easy option when you want a simple step before moisturizer.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
Let dry naturally, about 1 to 2 minutes	**1 to 2 times a day, as tolerated**	**Morning and evening**	**Make fresh, use once cooled, and discard leftovers**

INGREDIENTS

- 1 tsp plain loose-leaf green tea or 1 tea bag
- 1/2 cup hot water, about 176°F

METHOD

1. Steep the tea for 5 minutes in water at about 176°F.
2. Strain into a clean container and let it cool completely.
3. If you'd like it cooler, briefly chill it in a covered container in the refrigerator, then use during the same session.

How to use: Gently sweep a fresh cotton round dampened with the cooled tea over clean skin, or pat on with clean hands. Avoid your eyes and follow with moisturizer. In the morning, finish with broad-spectrum SPF 30+ sunscreen.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Keep the tea light; a strong brew may leave skin feeling dry. Skip flavored teas and stop if your skin feels tight or irritated.

MY NOTES ON THIS RECIPE

05 Cucumber & Aloe Cool-Down

A refreshing mask for warm days and tired-looking skin.

★ STAR RECIPE

Cucumber and aloe make a light, refreshing combination. Think of this as a small comfort ritual after a warm day or a busy afternoon, especially when you want something cool without a heavy finish.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
10 minutes	**2 to 3 times a week, as tolerated**	**Anytime**	**Use immediately after chilling and discard leftovers**

INGREDIENTS

- 3 thin slices washed, peeled cucumber
- 1 tbsp 100% pure aloe vera gel with no added fragrance, color, or drying alcohol

METHOD

1. Mash the cucumber with a clean fork, or blend with a clean hand blender, until smooth.
2. Stir in the commercially prepared aloe gel.
3. Chill in the refrigerator for 10 minutes until comfortably cool, not icy.

How to use: Apply to clean face and neck skin with clean fingers or a clean spatula, keeping clear of your eyes and lips. Settle in, take a breath, and relax. Rinse with cool water before the mask dries completely.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Keep away from the eye area and don't let the mixture dry on your skin. Use only on intact, comfortable skin; this isn't care for sunburn.

MY NOTES ON THIS RECIPE

06 Oat Cloud Mask

A soft, creamy moment for skin that feels dry.

★ STAR RECIPE

Finely ground oats give this mask a soft, cushiony texture. Mixed with milk, they make a simple rinse-off cream that can leave your skin feeling comfortable and smooth.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
15 minutes	**1 to 2 times a week, as tolerated**	**Evening**	**Use immediately and discard leftovers**

INGREDIENTS

- 1 tbsp plain rolled oats, finely ground
- 2 tbsp pasteurized milk or plain, unsweetened oat milk

METHOD

1. Grind the oats into a fine powder, or use plain oat flour. There shouldn't be any scratchy pieces.
2. Stir in the milk gradually until you have a soft cream.
3. Let stand for 3 minutes to thicken.

How to use: Spread an even layer over clean skin, avoiding your eyes and lips. Rinse gently with lukewarm water without scrubbing, then follow with moisturizer.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Skip this recipe if you're allergic to oats. If you're allergic to dairy, use a plain plant milk you tolerate; changing the milk doesn't make oats safe for an oat allergy.

MY NOTES ON THIS RECIPE

07 Cotton Glow Mask

A simple take on the sheet-mask ritual.

★ STAR RECIPE

This sheet-mask-inspired ritual uses soft cotton rounds soaked in freshly prepared rice water and green tea. It's a quiet, spa-like pause that can leave your skin feeling refreshed.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
10 to 15 minutes, or less if the cotton starts to dry	**2 times a week, as tolerated**	**Evening**	**Use immediately; discard the cotton and leftover liquid**

INGREDIENTS

- 1 large cotton round or 2 cotton rounds gently split into thinner layers
- 3 tbsp freshly made Rice Water Glow
- 1 tbsp freshly made, cooled Green Tea Refresh Toner

METHOD

1. With clean hands, gently separate the cotton rounds into soft, thin layers. Use them as small patches rather than stretching them into a full-face sheet.
2. Mix the freshly made rice water and cooled green tea in a clean shallow bowl.
3. Soak the cotton, then gently squeeze out enough liquid to prevent dripping.

How to use: Place the damp cotton on clean cheeks or forehead, keeping your eyes, nose, and mouth clear. Relax, and take it off as soon as it starts to feel dry. Gently rinse your skin and follow with moisturizer.

⚠ **Heads up:** Patch-test the combined liquid at least 24 hours before first use. Don't sleep in the mask, reuse the cotton, or let it dry completely on your skin. Keep all homemade mixtures away from your eyes.

MY NOTES ON THIS RECIPE

08 Watermelon Fresh Mask

A cool, creamy refresh for a relaxed-looking glow.

★ STAR RECIPE

Watermelon brings a fresh, summery feel, while plain yogurt adds a creamy texture. Together, they make an easy rinse-off mask for a little downtime.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
10 minutes	**1 to 2 times a week, as tolerated**	**Morning or afternoon**	**Use immediately after chilling and discard leftovers**

INGREDIENTS

- 2 tbsp seedless watermelon flesh
- 1 tbsp plain, unsweetened yogurt made with pasteurized milk

METHOD

1. Wash the watermelon rind before cutting. Mash the flesh with a clean fork and drain excess liquid.
2. Stir into the yogurt until evenly combined.
3. Chill in the refrigerator for 5 minutes.

How to use: Apply to clean skin, keeping clear of your eyes and lips. Rinse with cool water, then follow with moisturizer.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Skip if you're allergic to watermelon or dairy. Fruit and yogurt can sting reactive skin; rinse promptly if uncomfortable and before the mask becomes sticky or dry.

MY NOTES ON THIS RECIPE

09 Silky Lip Balm

A soft, comfortable finish for dry-feeling lips.

★ STAR RECIPE

Your lips deserve a little care, too. This simple blend of oils and wax creates a comfortable coating. It contains no added water, but clean, dry handling still matters.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
Comfort on application	**As needed**	**Day and night**	**Shelf life hasn't been tested; make a small batch and keep cool, clean, and completely dry**

INGREDIENTS

- 1 tbsp coconut oil
- 1 tsp cosmetic-grade beeswax pellets or grated beeswax
- 1 tsp plain sunflower oil

METHOD

1. Gently melt the coconut oil and beeswax in a clean, dry heatproof bowl over a pan of warm water, keeping water out of the bowl. If microwaving, heat in 15-second intervals and stir carefully between intervals.
2. Remove from the heat, add the sunflower oil, and stir until combined.
3. Pour into a clean, completely dry container and let cool and set for 20 minutes, or until fully cool and firm.

How to use: Smooth a thin layer onto intact lips as needed and before bed. Skip sugar scrubs; if your lips feel rough, gently soften them with a clean, damp cloth without rubbing. During the day, use a separate lip sunscreen with SPF 30+ as directed on its label.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Skip ingredients you're allergic to, including beeswax if you react to it. Use a clean, dry spatula and don't share. Discard if water gets in or the smell, color, or texture changes; contamination may not be visible. This balm provides no sun protection.

MY NOTES ON THIS RECIPE

10 Creamy Yogurt Comfort Mask

A cool, creamy mask for skin that feels tight.

★ STAR RECIPE

Plain yogurt gives this mask its cool, creamy feel. Aloe and fresh rice water keep the texture light, making it an easy comfort ritual when your skin feels dry.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
15 minutes	**1 to 2 times a week, as tolerated**	**Evening**	**Use immediately after chilling and discard leftovers**

INGREDIENTS

- 2 tbsp plain, unsweetened whole-milk yogurt made with pasteurized milk
- 1 tsp 100% pure aloe vera gel with no added fragrance, color, or drying alcohol
- 1 tsp freshly made Rice Water Glow

METHOD

1. Place all ingredients in a clean small bowl.
2. Stir until smooth and creamy.
3. Chill in the refrigerator for 5 minutes.

How to use: Apply to clean face and neck skin, avoiding your eyes and lips. Rinse gently with lukewarm water without rubbing, then follow with moisturizer.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Skip if you're allergic to dairy or aloe. Rinse sooner if needed; tingling, burning, and redness aren't signs that a mask is working.

MY NOTES ON THIS RECIPE

LAYER 2 OF 3 · RECIPES 11 TO 20

Nourish

Comfort and smoother-looking texture

Next, add comfort where you need it. Creamy masks, creams, and oils can leave dry-feeling skin softer and give its surface a smoother look.

Rich masks · Creams · Oils · Gentle exfoliation

THE LAYER AT A GLANCE

NO. 11 **Rice & Honey Satin Mask** ★
A soft, smooth feel and a fresh-looking glow.

NO. 12 **Rich Evening Comfort Balm** ★
A rich finishing layer for softer-feeling skin.

NO. 13 **Honey & Yogurt Glow Mask**
Creamy comfort and a softer feel.

NO. 14 **Evening Wind-Down Mask** ★
A soft, comfortable finish to a long day.

NO. 15 **Creamy Avocado Comfort Mask**
A rich, creamy mask for dry-feeling skin.

NO. 16 **Soft Banana Comfort Mask**
A creamy blend for a softer, smoother feel.

NO. 17 **Gentle Rice & Oat Polish**
A brief, gentle step for a smoother feel.

NO. 18 **Silky Finish Face Oil**
A final touch of softness and a subtle glow.

NO. 19 **Soft Pear & Yogurt Mask**
A smooth, creamy mask with ripe pear.

NO. 20 **Creamy Coconut Milk Mask**
A soft, creamy layer of comfort.

11 Rice & Honey Satin Mask

A soft, smooth feel and a fresh-looking glow.

★ ESSENTIAL RITUAL

Fine rice flour gives this mask a soft, creamy texture. A little honey adds a cushiony feel for skin that could use a gentle moment of comfort.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
15 minutes	**1 to 2 times a week, as tolerated**	**Evening**	**Use immediately and discard leftovers**

INGREDIENTS

- 2 tbsp finely milled rice flour
- 2 tbsp freshly made Rice Water Glow or pasteurized milk
- 1 tsp plain honey

METHOD

1. In a clean small bowl, stir the rice flour into the fresh rice water or milk.
2. Add the honey and mix into a thick, spreadable cream.
3. If it's too thick, add a few drops of distilled water.

How to use: Spread over clean skin, avoiding your eyes and lips. Soften with lukewarm water and rinse gently without scrubbing. Follow with moisturizer.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Use fine flour, never gritty ground rice. Rinse before the mask dries or feels tight. Skip honey or dairy if you're allergic to either ingredient.

MY NOTES ON THIS RECIPE

12 Rich Evening Comfort Balm

A rich finishing layer for softer-feeling skin.

★ ESSENTIAL RITUAL

Shea butter and jojoba oil create a rich, velvety finish. If your skin feels drier in your 40s or 50s, a small amount can make your evening routine feel especially comforting.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
Allow about 5 minutes to settle; a light coating may remain	**3 to 5 evenings a week, as tolerated**	**Evening**	**Shelf life hasn't been tested; make a small batch and keep cool, clean, and completely dry**

INGREDIENTS

- 2 tbsp plain, fragrance-free shea butter
- 1 tbsp pure jojoba oil
- 1 clean, completely dry glass jar

METHOD

1. Gently melt the shea butter in a clean, dry heatproof bowl over a pan of warm water, keeping water out.
2. Remove from the heat, add the jojoba oil, and stir.
3. Chill in the refrigerator for 20 minutes, then beat with a clean, dry fork for 2 to 3 minutes until fluffy. Let it cool completely before applying.

How to use: Warm a pea-sized amount between clean fingertips and gently press onto your face and neck, avoiding your eyes. Use as your final evening layer, ideally over your usual moisturizer.

⚠ **Heads up:** Patch-test at least 24 hours before first use. This is a rich balm; skip it if it feels heavy or you notice breakouts. Scoop with a clean, dry spatula. Discard if water gets in or the smell, color, or texture changes; appearance alone can't confirm safety.

MY NOTES ON THIS RECIPE

13 Honey & Yogurt Glow Mask

Creamy comfort and a softer feel.

★ STAR RECIPE

Honey, plain yogurt, and a little sunflower oil make a smooth, creamy mask. It's an easy option when your skin wants a richer feel and you've got a few minutes to unwind.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
15 minutes	**1 to 2 times a week, as tolerated**	**Evening**	**Use immediately and discard leftovers**

INGREDIENTS

- 1 tbsp plain honey
- 1 tbsp plain, unsweetened whole-milk yogurt made with pasteurized milk
- 1 tsp plain sunflower oil

METHOD

1. Stir the honey and yogurt together in a clean bowl until smooth.
2. Add the sunflower oil and stir again. The mixture may separate slightly; that's normal.

How to use: Apply to clean face and neck skin, avoiding your eyes and lips. Rinse gently with lukewarm water without rubbing, then follow with moisturizer.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Skip ingredients you're allergic to. If your skin is oily, try no more than 10 minutes initially and stop using it if you notice irritation or breakouts.

MY NOTES ON THIS RECIPE

14 Evening Wind-Down Mask

A soft, comfortable finish to a long day.

★ ESSENTIAL RITUAL

Aloe, honey, and a few drops of jojoba oil make a light evening mask with a soft finish. Think of it as a quiet pause before your moisturizer and bedtime.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
Up to 30 minutes; rinse sooner if it starts to dry	**2 to 3 times a week, as tolerated**	**Evening**	**Use immediately and discard leftovers**

INGREDIENTS

- 1 tbsp 100% pure aloe vera gel with no added fragrance, color, or drying alcohol
- 1 tsp plain honey
- 3 drops pure jojoba oil

METHOD

1. Stir the commercially prepared aloe gel and honey together in a clean bowl.
2. Add the jojoba oil and mix with a clean spatula until evenly dispersed. The oil may separate; stir again before applying.

How to use: Apply a thin layer to clean face and neck skin, avoiding your eyes and lips, about 30 minutes before bed. Rinse with lukewarm water before it dries or feels sticky, then follow with your usual moisturizer or a little Rich Evening Comfort Balm.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Don't sleep with this mixture on your face. Keep your hair back, avoid ingredients you're allergic to, and rinse immediately if you feel discomfort.

MY NOTES ON THIS RECIPE

15 Creamy Avocado Comfort Mask

A rich, creamy mask for dry-feeling skin.

★ STAR RECIPE

Ripe avocado blends into a soft, rich cream. With a little sunflower oil, it makes a simple mask for days when dry-feeling skin wants extra comfort.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
15 minutes	**1 time a week, as tolerated**	**Evening**	**Use immediately and discard leftovers**

INGREDIENTS

- 2 tbsp mashed ripe avocado
- 1 tsp plain sunflower oil

METHOD

1. Wash the avocado before cutting. Mash the flesh with a clean fork until smooth and free of lumps.
2. Add the sunflower oil and stir.

How to use: Apply to clean face and neck skin, avoiding your eyes and lips. Rinse thoroughly with cool to lukewarm water without rubbing.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Skip if you're allergic to avocado or sunflower oil. This mask can feel heavy; if you're oily or prone to breakouts, choose a lighter option from the first layer.

MY NOTES ON THIS RECIPE

16 Soft Banana Comfort Mask

A creamy blend for a softer, smoother feel.

★ STAR RECIPE

Ripe banana gives this mask a naturally soft, creamy texture. Yogurt and honey round it out for a simple, comforting evening ritual.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
15 minutes	**1 to 2 times a week, as tolerated**	**Evening**	**Use immediately and discard leftovers**

INGREDIENTS

- 1/2 ripe banana
- 1 tbsp plain, unsweetened yogurt made with pasteurized milk
- 1 tsp plain honey

METHOD

1. Mash the peeled banana with a clean fork until completely smooth.
2. Stir in the yogurt and honey.

How to use: Spread over clean face and neck skin, avoiding your eyes and lips. Rinse gently with lukewarm water, then follow with moisturizer.

⚠ **Heads up:** Patch-test at least 24 hours before first use and skip ingredients you're allergic to. Mash thoroughly so you can rinse without rubbing. Don't let the mask dry on your skin.

MY NOTES ON THIS RECIPE

17 Gentle Rice & Oat Polish

A brief, gentle step for a smoother feel.

★ STAR RECIPE

A soft, well-hydrated rice-and-oat paste can leave skin feeling smoother. This step is optional: if your skin is becoming drier or more reactive, a gentle rinse-off mask may feel better than any polishing.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
Up to 30 seconds of very light application	**No more than 1 time a week, as tolerated**	**Evening**	**Use immediately and discard leftovers**

INGREDIENTS

- 1 tbsp finely milled rice flour
- 1 tbsp plain rolled oats, ground to a fine powder
- Lukewarm water or pasteurized milk, as needed

METHOD

1. Combine the fine rice flour and finely ground oats in a clean bowl. Don't use coarse or scratchy particles.
2. Add lukewarm water or milk gradually until creamy, then let the paste soften fully. If it still feels gritty, skip it.

How to use: On damp skin, spread with clean fingertips using almost no pressure for no more than 30 seconds. Avoid your eyes and lips. You don't need to scrub; rinse gently with lukewarm water and follow with moisturizer.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Skip on sensitive, irritated, broken, or inflamed skin, and avoid combining with retinoids, exfoliating acids, scrubs, or recent cosmetic procedures. Ask your dermatologist if you're unsure. Use broad-spectrum SPF 30+ sunscreen daily.

MY NOTES ON THIS RECIPE

18 Silky Finish Face Oil

A final touch of softness and a subtle glow.

★ STAR RECIPE

A few drops of jojoba oil over moisturizer can add a soft, satiny finish. Keep it light and focus on the areas that feel dry.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
1 minute	3 to 5 evenings a week, as tolerated	Evening	Keep in the original bottle and follow its storage and expiration instructions

INGREDIENTS

- 3 to 4 drops pure, fragrance-free jojoba oil

METHOD

1. Place the drops in clean, dry palms and gently rub your hands together to spread the oil.

How to use: Gently press over your face and neck after moisturizer, avoiding your eyes. Use a light touch rather than pulling or rubbing your skin.

⚠ **Heads up:** Patch-test at least 24 hours before first use. If your skin is oily, start with just 1 or 2 drops on dry areas. Skip if it causes irritation or breakouts. Jojoba is a carrier oil; don't substitute an essential oil.

MY NOTES ON THIS RECIPE

19 Soft Pear & Yogurt Mask

A smooth, creamy mask with ripe pear.

★ STAR RECIPE

A very ripe pear is easy to find at the grocery store and mashes into a soft base. Mixed with plain yogurt, it makes a light, creamy mask for a softer feel without relying on a fruit-enzyme peeling claim.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
Up to 10 minutes	1 time a week, as tolerated	Evening	Use immediately and discard leftovers

INGREDIENTS

- 2 tbsp washed, peeled, very ripe pear, finely mashed
- 1 tbsp plain, unsweetened yogurt made with pasteurized milk

METHOD

1. Mash the peeled pear into a smooth puree without coarse pieces, then stir it into the yogurt.

How to use: Apply to clean skin, avoiding your eyes and lips. Leave on for no more than 10 minutes, rinse with cool water, and follow with moisturizer.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Start with 5 minutes; even mild-tasting fruit and plain yogurt can irritate skin. Skip if you're allergic to pear or dairy, and rinse immediately if it stings.

MY NOTES ON THIS RECIPE

20 Creamy Coconut Milk Mask

A soft, creamy layer of comfort.

★ STAR RECIPE

Plain coconut milk gives this mask a creamy feel, while rice flour adds enough body to make it easy to spread. It's a simple option when your skin wants a richer texture.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
15 minutes	**1 time a week, as tolerated**	**Evening**	**Use immediately and discard leftovers**

INGREDIENTS

- 2 tbsp plain, unsweetened canned coconut milk
- 1 tbsp finely milled rice flour
- 1 tsp plain honey, optional

METHOD

1. Stir the coconut milk and rice flour together in a clean bowl until creamy.
2. Mix in the honey if you're using it.

How to use: Apply to clean skin, avoiding your eyes and lips. Rinse gently with lukewarm water before the mask dries, then follow with moisturizer as needed.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Skip ingredients you're allergic to. This is a rich mixture; if your skin is oily, try no more than 10 minutes initially and discontinue if you notice breakouts.

MY NOTES ON THIS RECIPE

LAYER 3 OF 3 · RECIPES 21 TO 30

Rejuvenate

A fresh look at every age

Finish with a little extra attention to a fresh-looking face, comfortable skin, and often-overlooked areas such as your neck and upper chest. Keep homemade mixtures away from your eyes.

Smoother-looking skin · Eye-area care · Neck and chest · Massage

THE LAYER AT A GLANCE

NO. 21 **Flaxseed Smooth-Look Mask**
A light gel for a temporarily smoother-looking finish.

NO. 22 **Silky Flax & Aloe Serum**
A light gel layer for a soft, smooth feel.

NO. 23 **Fresh-Look Eye & Cheek Care** ★
A gentle finishing step for the eye area and dry upper cheeks.

NO. 24 **Morning Eye Refresh**
A cool, quiet pause for tired-looking eyes.

NO. 25 **Neck & Chest Comfort Balm**
A rich finishing touch for your neck and upper chest.

NO. 26 **Green Tea & Rice Glow Mask**
A soft, smooth feel with a fresh-looking finish.

NO. 27 **Carrot & Honey Glow Mask**
A soft, creamy mask for a radiant-looking finish.

NO. 28 **5-Minute Evening Face Massage**
A relaxing ritual for a refreshed-looking face.

NO. 29 **Evening Comfort Face Oil**
A rich little finish for dry-feeling areas.

NO. 30 **Aloe & Rice Velvet Mask**
A cushiony gel-cream texture and a smooth, soft finish.

21 Flaxseed Smooth-Look Mask

A light gel for a temporarily smoother-looking finish.

★ STAR RECIPE

Flaxseed gel leaves a thin film as it dries, which may give skin a temporarily smoother look. It's a cosmetic surface effect that varies from person to person, rather than a lasting change in firmness.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
Up to 15 minutes; rinse sooner if it feels tight	**1 to 2 times a week, as tolerated**	**Evening, or before an event once you've checked your skin's tolerance**	**Use once fully cooled and discard leftovers**

INGREDIENTS

- 2 tbsp whole flaxseed
- 1 cup distilled water

METHOD

1. In a clean saucepan, gently simmer the flaxseed and water over low heat, stirring for 8 to 10 minutes until a translucent gel forms.
2. Carefully strain while still warm through a clean fine-mesh strainer. Let it cool enough to handle safely, and don't squeeze hot gel with your hands.
3. Let the strained gel cool completely before applying.

How to use: With clean fingers, apply a thin layer to clean face and neck skin, avoiding your eyes and lips. Rinse gently with lukewarm water before the film feels tight or uncomfortable.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Any smoother-looking effect is temporary and may fade with rinsing. Tightness isn't proof of a benefit. Homemade flaxseed gel has no tested preservation system; don't save it for later.

MY NOTES ON THIS RECIPE

22 Silky Flax & Aloe Serum

A light gel layer for a soft, smooth feel.

★ STAR RECIPE

Fresh flaxseed gel and aloe blend into a light, silky texture. A thin layer can give skin a smooth feel under your usual moisturizer without adding the weight of a rich balm.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
Allow 2 to 3 minutes to settle	**Daily, only if your skin tolerates it**	**Morning or evening**	**Prepare for one session, use immediately, and discard leftovers**

INGREDIENTS

- 1 tbsp freshly made, fully cooled flaxseed gel from the Flaxseed Smooth-Look Mask recipe
- 1 tsp 100% pure aloe vera gel with no added fragrance, color, or drying alcohol

METHOD

1. Stir the freshly prepared flaxseed gel and commercially prepared aloe gel together with a clean spatula until smooth.

How to use: Apply a thin layer to clean skin with clean hands, keeping clear of your eyes and lips. Let it settle before moisturizer. If it pills, feels sticky, or makes your skin feel tight, rinse it off instead.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Don't store this unpreserved blend or rely on its smell to judge safety. Start with occasional use and stop if irritation develops. In the morning, finish with broad-spectrum SPF 30+ sunscreen.

MY NOTES ON THIS RECIPE

23 Fresh-Look Eye & Cheek Care

A gentle finishing step for the eye area and dry upper cheeks.

★ ESSENTIAL RITUAL

The skin around your eyes deserves a product formulated for that area. This simple routine keeps a fragrance-free eye moisturizer separate from a little jojoba oil for dry upper cheeks, so a homemade blend stays away from your eyes.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
1 minute	**Morning and evening, subject to the eye moisturizer's label directions**	**Morning and evening**	**Use dispensed portions immediately and discard excess; follow each original product's expiration instructions**

INGREDIENTS

- 1 tsp fragrance-free moisturizer specifically labeled for the eye area, kept in its original container; dispense only the amount directed on its label
- 2 drops pure jojoba oil for the upper cheeks only

METHOD

1. Keep the eye moisturizer and jojoba oil separate. Don't blend them or add oil to the moisturizer's container.
2. With clean hands, dispense only the label-directed amount of eye moisturizer and the oil you'll use. Don't return any dispensed leftovers to their containers.

How to use: Apply the eye moisturizer exactly as its label directs, using a light touch and staying clear of your eyes and lash lines. Separately, press the jojoba oil onto dry upper cheeks below and outside the bony eye socket. Keep the oil away from your eyelids and eyes.

⚠ **Heads up:** Check tolerance on a small skin area at least 24 hours before first use, following product directions. Homemade aloe-and-oil blends aren't formulated for eye use. If burning, redness, or watering occurs, rinse with water and stop. Get medical care for eye pain or vision changes.

MY NOTES ON THIS RECIPE

24 Morning Eye Refresh

A cool, quiet pause for tired-looking eyes.

★ STAR RECIPE

A plain-water compress can feel refreshing when you wake up looking tired. This version skips tea and botanicals near your eyes and keeps the ritual simple.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
Up to 10 minutes	**As needed on tired-looking mornings**	**Morning**	**Use immediately after chilling; discard the rounds and leftover water**

INGREDIENTS

- 2 clean, soft, lint-free cotton rounds
- 1/2 cup distilled water

METHOD

1. Pour the water into a clean bowl and dampen the cotton rounds. Gently squeeze out excess water, place the rounds in a clean covered container, and refrigerate for 15 minutes until comfortably cool, not icy.

How to use: Remove contact lenses, lie back with clean, closed eyes, and gently rest a cool, damp cotton round over each closed eyelid. Don't press or let water drip into your eyes. Take them off sooner if they feel uncomfortable.

⚠ **Heads up:** Use plain water only, with no tea, fragrance, essential oils, or homemade gel. Distilled water isn't sterile. Don't use over irritated or infected eyes or after an eye procedure without your clinician's guidance. Persistent swelling, eye pain, or vision changes need medical evaluation.

MY NOTES ON THIS RECIPE

25 Neck & Chest Comfort Balm

A rich finishing touch for your neck and upper chest.

★ STAR RECIPE

Your neck and upper chest deserve the same thoughtful care as your face. A small amount of this rich balm can leave dry-feeling skin softer and more comfortable.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
Allow about 5 minutes to settle; a light coating may remain	**Every evening, as tolerated**	**Evening**	**Shelf life hasn't been tested; make a small batch and keep cool, clean, and completely dry**

INGREDIENTS

- 1 tbsp plain, fragrance-free shea butter
- 1 tsp pure jojoba oil
- 3 drops pure rosehip seed oil, optional

METHOD

1. Gently melt the shea butter in a clean, dry heatproof bowl over warm water, keeping water out.
2. Remove from the heat and stir in the oils. Chill in the refrigerator for 15 minutes, then beat with a clean, dry fork until creamy. Let cool completely before applying.

How to use: With clean hands, gently smooth a small amount over your upper chest and neck after moisturizer. Use light strokes without pulling the skin or pressing on the front of your neck.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Use plain rosehip seed carrier oil, not rose essential oil. Scoop with a clean, dry spatula and discard if contaminated or changed. Every morning, apply broad-spectrum SPF 30+ sunscreen to exposed neck and chest skin, whether or not you use rosehip oil.

MY NOTES ON THIS RECIPE

26 Green Tea & Rice Glow Mask

A soft, smooth feel with a fresh-looking finish.

★ STAR RECIPE

Inspired by Korean beauty rituals, green tea and rice flour make a simple, creamy mask. A little honey adds a soft feel for an easy evening glow ritual.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
15 minutes	**1 time a week, as tolerated**	**Evening**	**Use immediately and discard leftovers**

INGREDIENTS

- 2 tbsp finely milled rice flour
- 2 tbsp freshly made, cooled Green Tea Refresh Toner
- 1 tsp plain honey

METHOD

1. Stir the rice flour into the freshly made, cooled tea in a clean bowl until creamy.
2. Add the honey and mix well.

How to use: Spread over clean skin, avoiding your eyes and lips. Rinse gently with lukewarm water before it dries, without scrubbing, then follow with moisturizer.

⚠ **Heads up:** Patch-test at least 24 hours before first use and skip ingredients you're allergic to. This mask doesn't fade dark spots or provide sun protection. Use broad-spectrum SPF 30+ sunscreen every day to help limit sun-related changes in skin's appearance.

MY NOTES ON THIS RECIPE

27 Carrot & Honey Glow Mask

A soft, creamy mask for a radiant-looking finish.

★ STAR RECIPE

Cooked carrot blends into a smooth, soft puree. With honey and a little sunflower oil, it makes a creamy mask that can leave skin feeling comfortable and soft.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
15 minutes	**1 time a week, as tolerated**	**Evening**	**Use immediately once cooled and discard leftovers**

INGREDIENTS

- 2 tbsp cooked, mashed carrot
- 1 tsp plain honey
- 1 tsp plain sunflower oil

METHOD

1. Wash, peel, and steam the carrot until very soft. Mash into a smooth puree and let cool completely, then stir in the honey and sunflower oil.

How to use: Apply the fully cooled mask to clean face and neck skin, avoiding your eyes and lips. Rinse gently with lukewarm water and follow with moisturizer.

⚠ **Heads up:** Patch-test at least 24 hours before first use and skip ingredients you're allergic to. Carrot may leave a temporary orange tint or stain fabric. Rinse thoroughly without scrubbing, and never apply the mixture hot.

MY NOTES ON THIS RECIPE

28 5-Minute Evening Face Massage

A relaxing ritual for a refreshed-looking face.

★ STAR RECIPE

A gentle facial massage is a chance to slow down and enjoy your routine. It can feel relaxing and leave you looking refreshed, without any promise of lifting or lasting changes to your features.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
5 minutes	**3 to 5 times a week, as tolerated**	**Evening**	

INGREDIENTS

- 3 to 4 drops Silky Finish Face Oil or a little fragrance-free moisturizer
- Clean, comfortably warm hands

METHOD

1. Forehead: with your fingertips, glide lightly from the center toward your temples, 5 times.
2. Eye area: with clean ring fingers, tap very lightly along the outer bony rim, 10 times, keeping oil away from your eyes and eyelids. Skip this step if the area feels sensitive.
3. Cheeks: glide from the center of your face outward toward your ears with a slight upward motion, 5 times.
4. Jawline: with relaxed fingertips, glide lightly from your chin toward each ear, 5 times. Don't dig in with your knuckles.
5. Neck: use featherlight strokes along the sides of your neck from your upper chest toward your jaw, 5 times, avoiding pressure on the front of your neck.

How to use: Finish by resting your palms lightly on your cheeks for 10 seconds while you breathe slowly. Use enough slip that your fingers glide easily; stop if your skin drags or feels uncomfortable.

⚠ **Heads up:** Patch-test any oil or moisturizer at least 24 hours before first use. Keep pressure light and avoid pulling your skin. Skip massage over irritated skin, inflamed breakouts, or recent cosmetic procedures. If you have sensitive skin or a skin condition, ask your dermatologist first.

MY NOTES ON THIS RECIPE

29 Evening Comfort Face Oil

A rich little finish for dry-feeling areas.

★ STAR RECIPE

Rosehip seed and jojoba oils make a simple finishing blend for evenings when your skin wants a little extra comfort. Start with dry areas and use only as much as feels good.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
1 minute	**2 to 3 evenings a week, as tolerated**	**Evening**	**Mix only for immediate use; keep each original oil within its labeled storage and expiration limits**

INGREDIENTS

- 3 drops pure, fragrance-free rosehip seed oil
- 3 drops pure, fragrance-free jojoba oil

METHOD

1. Combine the drops in a clean, dry palm just before applying.

How to use: Gently press a small amount over moisturizer, focusing on dry-feeling areas and keeping clear of your eyes and lips. You don't need to use every drop.

⚠ **Heads up:** Patch-test the blend at least 24 hours before first use. These are carrier oils; don't substitute essential oils. Stop if irritation or breakouts occur. Use broad-spectrum SPF 30+ sunscreen every morning as part of your regular routine.

MY NOTES ON THIS RECIPE

30 Aloe & Rice Velvet Mask

A cushiony gel-cream texture and a smooth, soft finish.

★ STAR RECIPE

Aloe, fresh flaxseed gel, and fine rice flour come together in a cushiony mask. It can leave skin feeling smooth and velvety, with a simple rinse-off finish.

TIME	HOW OFTEN	BEST MOMENT	SHELF LIFE
Up to 15 minutes	**1 time a week, as tolerated**	**Evening**	**Use immediately and discard leftovers**

INGREDIENTS

- 1 tbsp finely milled rice flour
- 1 tbsp 100% pure aloe vera gel with no added fragrance, color, or drying alcohol
- 1 tbsp freshly made, fully cooled flaxseed gel

METHOD

1. In a clean bowl, stir the commercially prepared aloe gel into fresh, fully cooled flaxseed gel made using the Flaxseed Smooth-Look Mask recipe.
2. Gradually stir in the rice flour until you have a thick, smooth cream.

How to use: Spread an even layer over clean face and neck skin, avoiding your eyes and lips. Rinse gently with lukewarm water before it dries, then follow with moisturizer.

⚠ **Heads up:** Patch-test at least 24 hours before first use. Rinse before the mask dries completely or feels tight, and stop if irritation occurs. If you have sensitive skin, a skin condition, or are pregnant, check with a dermatologist before trying homemade skincare. Results vary; this is cosmetic care, not medical advice. Use broad-spectrum SPF 30+ sunscreen daily.

MY NOTES ON THIS RECIPE

What's in your kitchen

What each staple is for, and how to choose it.

Rice (water and flour)

May leave skin feeling soft and silky

GOOD TO KNOW

Use plain jasmine rice or plain rice flour. Make rice water fresh, use immediately, and discard leftovers; never ferment it.

100% pure aloe vera gel

A light gel base that can feel cool and refreshing

GOOD TO KNOW

Choose a store-bought product labeled 100% pure aloe vera gel, without added fragrance, color, or drying alcohol. Don't use gel or yellow sap from a freshly cut leaf.

Green tea

Refreshing toners and compresses

GOOD TO KNOW

Use plain, lightly brewed tea. Cool fully, use immediately, and discard leftovers.

Honey

May leave skin feeling softer and more comfortable

GOOD TO KNOW

Choose plain honey without added flavors. Avoid if you have a known allergy to honey or bee products.

Rolled oats

A soft texture for gentle, comforting masks

GOOD TO KNOW

Choose plain, unflavored oats and grind finely when directed. Don't scrub, and avoid if you're allergic to oats.

What's in your kitchen

What each staple is for, and how to choose it.

Plain yogurt

A creamy, cooling texture for rinse-off masks

GOOD TO KNOW

Use plain, unsweetened yogurt made with pasteurized milk. Avoid with a milk allergy, and discard leftovers.

Flaxseed

A gel that may give skin a temporarily smoother look

GOOD TO KNOW

Use plain flaxseed. Make the gel fresh, cool fully, and discard leftovers.

Shea butter and sweet almond oil

Rich textures that can soften dry-feeling skin

GOOD TO KNOW

Choose fragrance-free products. Avoid almond oil with an almond allergy; use sparingly if rich textures feel heavy.

Avocado and banana

Creamy masks that may leave skin feeling softer

GOOD TO KNOW

Use fresh, ripe fruit and keep to the recipe's contact time. Avoid known allergens; don't substitute lemon, lime, or other acidic fruit juices.

Rosehip oil

An optional finishing oil for a softer skin feel

GOOD TO KNOW

Choose a fragrance-free cosmetic oil and use sparingly. Follow its storage label and wear broad-spectrum SPF 30+ every day.

Morning & evening

Two simple routines to follow as they are.

Fresh Start Morning Ritual

MORNING · 5 TO 8 MINUTES

1. **Cleanse your face**
   Use lukewarm water or your usual gentle cleanser. Pat dry without rubbing.
2. **Rice Water Skin Splash** RECIPE 01
   Apply a freshly made portion with a cotton round, avoiding your eyes. Let dry.
3. **Fresh Glow Gel** RECIPE 03
   Apply a thin layer. Allow 2 minutes for it to settle.
4. **Eye-Area Comfort Cream** RECIPE 23
   Pat a tiny amount onto the outer cheekbones, well away from eyes, eyelids, and lash lines.
5. **Sunscreen**
   Apply broad-spectrum SPF 30+ as directed on the label. Make it your daily finishing step.

Soft Skin Evening Ritual

EVENING · 15 TO 25 MINUTES

1. **Take off makeup and cleanse**
   Use your usual gentle cleanser and makeup remover as needed.
2. **Gentle Green Tea Toner** RECIPE 04
   Or try freshly made Rice Water Skin Splash. Let either cool fully before applying.
3. **Choose an evening mask** RECIPE 11
   Try Creamy Rice Mask, Evening Comfort Mask, or Smooth Look Mask. Follow the contact time and rinse as directed; don't extend wear overnight.
4. **Silky Feel Serum** RECIPE 22
   Apply a thin layer with gentle palm presses. Avoid rubbing or pulling.
5. **Eye-Area Comfort Cream** RECIPE 23
   Use a tiny amount on the outer cheekbones, keeping clear of eyes, eyelids, and lash lines.
6. **Rich Comfort Cream** RECIPE 12
   For your neck and upper chest, choose Neck & Chest Comfort Cream instead if you prefer.
7. **Silky Lips Balm** RECIPE 09
   Smooth a comfortable layer onto your lips before bed, following the recipe's directions.

READY-MADE RITUALS

On busy days

On busy days, keep it simple: cleanse gently, use a moisturizer you already tolerate, and apply broad-spectrum SPF 30+ every morning. A freshly made rice water step is optional. Consistency matters more than a long routine.

ALTERNATIVES YOU WILL MEET IN THE EVENING RITUAL

RECIPE 01 · HYDRATE

Rice Water Glow

A light, refreshing first step for a dewy look.

RECIPE 14 · NOURISH

Evening Wind-Down Mask

A soft, comfortable finish to a long day.

RECIPE 21 · REJUVENATE

Flaxseed Smooth-Look Mask

A light gel for a temporarily smoother-looking finish.

RECIPE 25 · REJUVENATE

Neck & Chest Comfort Balm

A rich finishing touch for your neck and upper chest.

Pick what you need

Optional starting points, not a checklist.

Dull-Looking Skin Routine

For a fresher glow. These frequencies are optional starting points, not a checklist.

- [ ] **Rice Water Glow**
  daily, if comfortable
- [ ] **Gentle Rice & Oat Polish**
  1 time per week, only if tolerated
- [ ] **Rice & Honey Satin Mask**
  1 to 2 times per week
- [ ] **Fresh Glow Aloe Gel**
  3 to 4 times per week

Rested Look Routine

For a refreshed feeling and a more rested appearance. Choose what feels comfortable.

- [ ] **Morning Eye Refresh**
  as needed, keeping clear of the eyes
- [ ] **Aloe Dew Mist**
  as needed during the day; make fresh each time
- [ ] **Evening Wind-Down Mask**
  2 to 3 times per week, if tolerated
- [ ] **Fresh-Look Eye & Cheek Care**
  morning and evening, if tolerated

Smooth Look Routine 40+

For skin that could use a softer feel and a smoother appearance.

- [ ] **Silky Flax & Aloe Serum**
  daily, if tolerated
- [ ] **5-Minute Evening Face Massage**
  3 to 5 times per week, if comfortable
- [ ] **Flaxseed Smooth-Look Mask**
  1 to 2 times per week
- [ ] **Rich Evening Comfort Balm**
  at night, as needed

Pick what you need

Optional starting points, not a checklist.

Extra Comfort Routine 50+

For skin that wants richer textures and a little more comfort.

- [ ] **Creamy Avocado Comfort Mask**
  1 time per week
- [ ] **Honey & Yogurt Glow Mask**
  1 time per week
- [ ] **Evening Comfort Face Oil**
  2 to 3 times per week, if tolerated
- [ ] **Neck & Chest Comfort Balm**
  each evening, if comfortable

Dry-Feeling Skin Routine

For skin that feels tight or thirsty. Start slowly and use fewer steps if needed.

- [ ] **Rice Water Glow**
  up to 2 times daily, if comfortable; make fresh each time
- [ ] **Cotton Glow Mask**
  2 times per week, if tolerated
- [ ] **Creamy Yogurt Comfort Mask**
  1 to 2 times per week
- [ ] **Fresh Glow Aloe Gel**
  3 to 4 times per week

Evening Wind-Down Routine

For a comfortable end to the day. Alternate recipes instead of using everything together.

- [ ] **Green Tea Refresh Toner**
  each evening, if tolerated
- [ ] **Green Tea & Rice Glow Mask**
  1 time per week, only if comfortable
- [ ] **Evening Comfort Face Oil**
  2 to 3 times per week
- [ ] **Rich Evening Comfort Balm**
  3 to 5 nights per week, if needed

GOOD TO KNOW

Questions & answers

Can I use every recipe in the same week?

There's no need. Start with the 6 Essential Rituals as a menu of options, introducing one recipe at a time after a 24-hour patch test. Routine frequencies are optional, not goals to reach. Use fewer steps if your skin feels dry, tight, or uncomfortable.

Should I save the mixtures for later?

Make a single-use portion and discard leftovers. A refrigerator does not replace a tested preservation system, even for rice water or toner. Oil-and-butter mixtures also have no guaranteed 30-day shelf life. Without formula-specific safety and stability testing, don't assume a homemade mixture is safe to store. Make a new portion after your patch-test waiting period.

How do I choose for my skin type?

Use each recipe's cautions and your skin's current comfort as your guide. Dry-feeling skin may prefer richer Layer 2 textures; oily skin may feel more comfortable with lighter Layer 1 options. Combination skin can use different textures in different areas. Your preferences may change over time, so start small rather than following age alone.

What if I have allergies or sensitive skin?

Avoid any ingredient you're allergic to, even if it's a familiar food. Always patch test and wait 24 hours before broader use. If you have sensitive skin, a skin condition such as inflammatory acne, rosacea, or eczema, or are pregnant, check with a dermatologist before starting. Stop and rinse if irritation occurs.

When might I notice a difference?

You may notice a softer feel or a refreshed appearance after use, but effects can be temporary and some people notice no change. Results vary, and there is no promised timeline. These rituals are for cosmetic appearance and comfort; daily sunscreen remains part of your routine.

Can I use these with my regular products?

Keep your usual gentle cleanser, moisturizer, and broad-spectrum SPF 30+ sunscreen. Introduce only one new recipe at a time. If you use retinoids, exfoliating acids, or prescription skincare, ask your dermatologist how to fit homemade care into your routine. Don't mix homemade ingredients into your sunscreen or other packaged products.

A GENTLE NOTE

Your skin deserves a little care.

Explore the 6 Essential Rituals and choose one to start with after your patch test. Make skincare a small moment that's yours: simple, unhurried, and guided by what feels comfortable.

IMPORTANT NOTICE

This guide provides general information about cosmetic skincare and personal well-being, not medical advice. It is not intended to diagnose or address any disease or skin condition and does not replace professional care. Any benefits refer only to skin's appearance or feel; effects may be temporary, and results vary. Patch test every new mixture and wait 24 hours before broader use. Wear broad-spectrum SPF 30+ sunscreen every day. If you have sensitive skin, a skin condition, or are pregnant, consult a dermatologist before starting. Keep homemade mixtures away from eyes, eyelids, lash lines, and broken or irritated skin. Make single-use portions and discard leftovers. These recipes are inspired by Korean skincare and do not represent specific authentic traditions. Stop use if irritation occurs and seek professional guidance for a reaction or concern.

HYDRATE · NOURISH · REJUVENATE

Korean Silk Method

The 3-Layer Ritual
